STEPHENVILLE, TEXAS

# OUTSTANDING INTRODUCTIONS FOR 1953

WEIGELA

## Cardinal Bush

Every so often there comes to our attention a plant so unusual, so outstanding, so spectacular that it merits inclusion in our catalog. Such a plant is the new Weigela "Cardinal Bush."

It is a hardy plant—a flowering shrub that can be depended on to produce its blooms in exciting abundance each year. All of its many branches are engulfed with trumpet shaped, red blossoms. It is an everblooming flowering shrub that complements your landscape the year round with delightful wine-red sprays. Its foliage is rich and luxurious and the contrast of color between bloom and foliage is a joy to see.

Usually new introductions are priced high because of the expensive research that a reputable nursery must undertake, but we know that the Weigela "Cardinal Bush" is destined to great popularity here in the South—so—we are pricing it low, depending on its success in your yard to bring repeat orders from you as well as your neighbor.

Order today for the newest, the best, from Wolfe Nursery.

1 yr. Large Plants — \$1.95

## Strawberry Sensation of the Nation

RED RICH—SO RICH—SO TENDER  
SO SWEET THAT YOU EAT THEM  
WITHOUT ADDING SUGAR

12 Plants \$2.95      50 Plants \$8.50

25 Plants \$5.00      100 Plants \$15.00

**SWEET . JUICY . FULL FLAVORED**

# Pears

## DOUGLAS PEAR

*The Sugar Pear That Bears Very Young*

We've never had any pear variety that offers more production or bears earlier than Douglas. I'll never forget summer before last when we had a Douglas Pear block near a road that goes over the nursery. People that visited us and drove over the place never ceased to be amazed at this whole block of trees just loaded down with fully mature pears. Why, the trees weren't but about 4½ or five feet tall and many of those little trees had as many as ten or twelve pears on them! You'll like the bearing qualities, and the color, and taste of Douglas Pears just as all of those visitors did. It's *Blight-Resistant* and bears consistently each year, ripening about August 15. Labelled with a PINK stripe over a YELLOW stripe.

**PRICES:**

2 yr. Large Trees — \$2.00      2 yr. Medium Trees — \$1.50

**GARBER**

For eating juicy ripe off of your tree or for preserving for year-round pleasure, Garber is ideal. It is beautifully colored and well shaped, and the tree is vigorous as well as highly disease-resistant. Labelled PINK over BLUE.

**PRICES:**

2 yr. Large Trees — \$1.60      2 yr. Medium Trees — \$1.25

**KIEFFER**

A variety adapted to all sections — including sections where Bartlett is a failure. It is a sure bet for heavy, consistent crops of large, white-fleshed pears. It is a golden yellow pear that is an extra good cooker and ideal for winter storage. It will keep for a longer time and gets very sweet and mellow after about a month. Kieffer is labelled PINK over RED.

**PRICES:**

2 yr. Large Trees — \$1.60      2 yr. Medium Trees — \$1.25

**ORIENT**

A brand new *BLIGHT-RESISTANT* variety that has been acclaimed outstanding everywhere that it has been tested. Without reservation, we, here at Wolfe Nursery, recommend Orient as perhaps the finest home orchard and commercial pear that has ever been sold. Sturdy, healthy trees, heavy production, high quality, and adaptability to all sections, place Orient on the top of the list of America's Pears. Its skin is lemon-yellow and the flesh is creamy white with a smooth, delicious texture. The shape of the tree makes it ideal as a yard tree. Labeled PINK over WHITE.

**PRICES:**

2 yr. Large Trees — \$2.00  
2 yr. Medium Trees — \$1.50

# APRICOTS

**SELECTED HEAVY BEARING VARIETIES  
FOR YOUR HOME ORCHARD**

## SUPERB

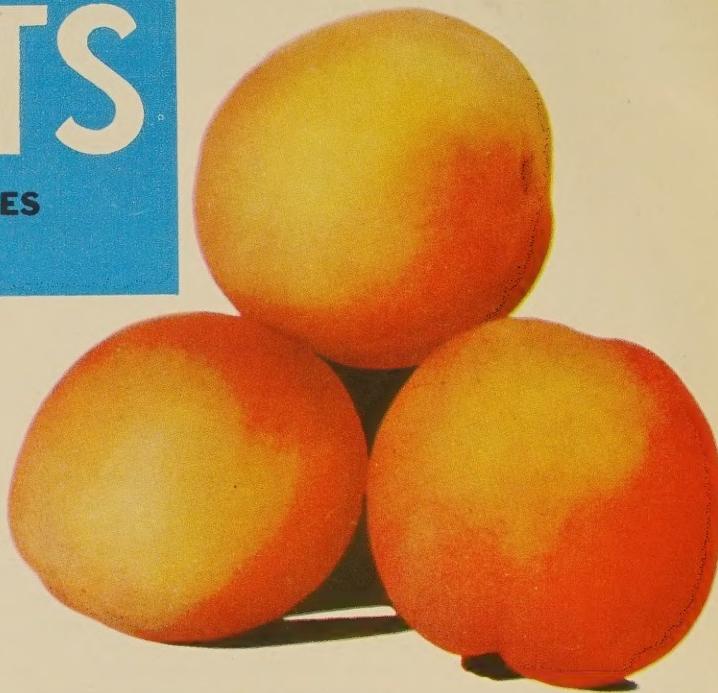

*Most Outstanding of All Apricots  
Adapted to the Southland*

In Superb we have found a large, richly colored, fine flavored apricot that can be counted on to produce good crops every year in the South as well as in the North. It's thoroughly adapted to our climate and soils and its yearly production of big, orange-yellow fruit is just what literally thousands of home owners have asked for for years. Our search for an apricot that would produce for you every year is ended. We proudly present Superb, guaranteed by Wolfe Nursery. Labelled with a GREEN stripe over RED.

### PRICES:

2 yr. Large Trees - \$1.75    2 yr. Medium Trees - \$1.35

**WE GROW OUR OWN TREES.  
IT PAYS TO BUY DIRECT  
FROM THE GROWER**

MOOR PARK

All Plants Prepaid  
to Your Door

### GOLDEN CLUSTER

*Golden Cluster*

A medium to small prolific Apricot with a smooth light orange-yellow skin. The delicious yellow flesh is firm but juicy. Not dry like some common varieties of Apricots. Apricots should be cultivated very shallow as the feeder roots are close to the surface. Golden Cluster is labelled with a GREEN stripe over a WHITE stripe.

### PRICES:

2 yr. Large Trees - \$1.60  
2 yr. Medium Trees - \$1.00

## MOORPARK

The most popular commercial apricot grown and adapted to most all sections. It is rather a large Apricot with tender, sweet orange flesh. It separates easily from the small seed and is a grand variety for eating fresh, canning, or drying. Hangs on the tree remarkably well. Every home orchard should include apricots, for the tree-ripe fruit has a flavor that just can't be matched. Moorpark is labelled with a GREEN stripe over a BLUE.

### PRICES:

2 yr. Large Trees - \$1.60

2 yr. Medium Trees - \$1.00

# SPECIAL BONUS PLANTS OF YOUR CHOICE

*You get these valuable Bonus Gifts Free  
for placing your order Early!*

WHEN YOU SEND US YOUR ORDER FOR NURSERY STOCK EARLY YOU MAY SELECT FREE PREMIUMS AS FOLLOWS . . .

On nursery orders of \$6.00, select one of these six premiums.

On nursery orders of \$10.00, select two premiums, alike or different.

On nursery orders of \$15.00, select three premiums, alike or different.

With each additional \$5.00, select one more premium.

MRS. ROSS WOLFE

HUGH WOLFE

DAN WOLFE

A PERSONAL MESSAGE TO YOU  
*From the Wolfe Family*

DEAR FRIEND:

This Home Orchard and Landscape Guide inaugurates our 33rd year of service to the home owners of the Southland. Those years have been good to us—oh, we've had freezes and drouths, floods, and even a disastrous fire—but, through it all, we've kept our old friends and made new ones—and to us—outside of our family and our church—our greatest assets are our friends. We are thankful for them and grateful to them. We hope that we can always treat you in such a manner that you will call on us again and again and be our friend, as we want to be yours.

We've just been over our fields and all the stock surely is pretty—can't think of a year when everything has looked "so right". We certainly had a time trying to keep up our standards of quality last shipping season. Because of the drouth and fire, neither our stock or service was up to par. We'll make that all up to you this year though. We've built all our buildings back now and Mother Nature has given us ample moisture—so we're set to give you that "something Extra" in stock and service this year.

GRATEFULLY

*Mrs. Ross Wolfe  
Hugh Wolfe  
Dan Wolfe*

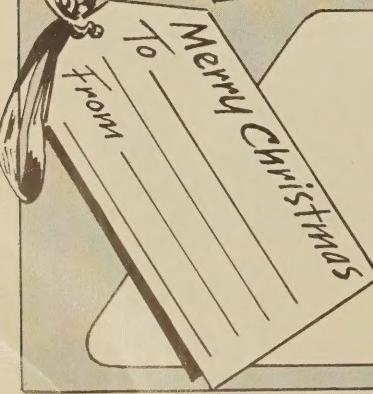

SEND LIVING GIFTS TO YOUR FRIENDS AND LOVED ONES

Each year more and more people wish to send their friends and loved ones LIVING GIFTS. We make that easy for you to do.

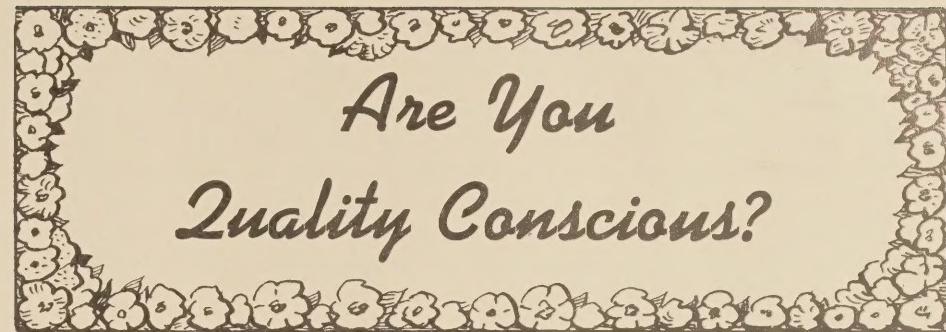

You select from our catalog whatever you wish us to send. Give us the name and complete address to whom you want it shipped. We will send this party a suitable GIFT CERTIFICATE, giving your name as donor and listing the stock you selected (without prices). It will be shipped at the proper planting time.

# WOLFE NURSERY'S AMAZING GUARANTEE!

Every plant that we sell is guaranteed to live—and—if any portion of your order not live, we will replace it absolutely free of charge when notified by September 1st following your purchase. Naturally, this guarantee cannot cover that over which we have no control, such as, drouth, flood, freeze, and hail. Our first obligation is to please you and, if your order is not satisfactory in every respect when it is received by you, we will cheerfully refund your money or replace your stock free. Of one thing you are assured—you get your money's worth every time when you order from the dependable Wolfe Nursery.

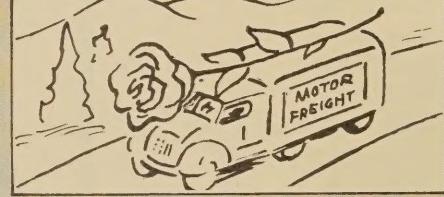

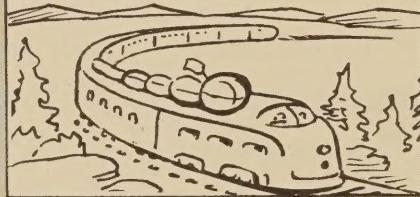

## HOW YOU ORDER

Use the simplified order sheet which is enclosed. The name of everything in this catalog is listed on the order sheet as follows: name, color label, size, price each—all you have to write is the quantity and total price. Carry the total of each column to the Special Offers where you write TOTAL. Use the self-addressed return envelope—it saves time in handling your order. If we are unable to ship all your order when it is received, the items left out will be marked "S. L.", which means that it will be "shipped later."

Note: If trees or plants are sold by specific size, that size is shown on order blank. Many trees are sold as 2 yr. mediums or 2 yr. large trees. This will be shown in size column of the order blank as MED. for medium or LAR. for large.

## HOW WE SHIP

## WE PREPAY YOUR ORDER RIGHT TO YOUR DOOR

When you order from Wolfe Nursery, all you pay is just the low cost of the plants as listed in this catalog. **WE PREPAY ALL SHIPMENTS.** There are absolutely *no hidden costs* such as shipping or packing. We *prepay* to your door the nation's most select, guaranteed nursery stock. You order with complete assurance from the dependable Wolfe Nursery and we *prepay* your order to your door.

For comfortable—refreshing shade in your yard—for eating pleasure and selling profit—for the choicest—most select—pedigreed paper-shell pecan trees ever grown—depend on Wolfe Nursery.

# TEXABERTA

## *The Nation's Perfect Peach*

A perfect freestone that ripens about July 10. This outstanding peach has not missed a crop at Belton, Texas, since it was originated 24 years ago. Combine the best qualities of all peaches, add a few, and you have Texaberta. It has bright red, juicy flesh around the seed, forming into deep, tender yellow toward the bright red-covered skin. Delicious? — well, you just don't know what good eating is until you have had the juice of a Texaberta running down your chin after a good bite. Texaberta produces in mild climates where Elberta is a failure — and — it is extra FROST-RESISTANT. Texaberta is sold only by Wolfe Nursery and is labelled with a RED stripe.

### PRICES:

2 yr. Large Trees - \$1.75

2 yr. Medium Trees - \$1.25

2 yr. Small Trees - \$.90

# M E L B A

By far our greatest find in an all-purpose, large, delicious, honey-hybrid peach. It is adapted from coast to coast and is the leader of all frost-resistant varieties. Our show orchard here at the nursery took 10 degrees below freezing while in full bloom and still produced a bumper crop. Melba starts ripening early in June and lasts most of July. No other peach ripens over such a long period. Never has a fruit variety received such unanimous acclaim as Melba. Not one person has failed to say, "That's the best peach I ever tasted." Melba, the Honey-Hybrid, Queen of all eating peaches, is labelled with two RED stripes.

### PRICES:

2 yr. Large Trees - \$2.00

2 yr. Medium Trees - \$1.50

# R O B I N

## *First In The Spring*

This is the most valuable and extraordinary of all the new peach varieties because it is the first good peach of the season, ripening weeks before any other good early peach. That fact alone puts Robin in a class by itself. It is a beautiful red-cheeked, white-fleshed, medium-size fruit, semi-freestone, so richly colored and handsome that it will make your mouth water just to look at it. Deliciously flavored, the fruit is firm and smooth, almost fuzzless, round in shape. It keeps well after picking. In addition to ripening the first good Peaches of the season, Robin Trees bear enormous crops. They grow rapidly and bear fruit amazingly soon — sometimes the first year after planting. If you and your family want to enjoy the first good Peaches of the season, then you will have to include Robin in your home garden planting. Labelled WHITE over WHITE. PLANT PATENTED NUMBER 529

PRICE: \$2.00 - each

### PLANTING DISTANCES

#### Give Plants Enough Room

Planting distances between trees depend primarily upon the type of tree, its purpose, the amount of rainfall, and the fertility of the soil. For example, trees planted in East Texas and the South-eastern States may be planted closer together than those of West Texas and New Mexico, because of the greater rainfall in the Eastern section.

To make allowance for these factors, the following distances are recommended:

Apples, Pears, and Apricots . . . . .	30 to 40 ft. apart
Cherries, Plums, and Cherry-Plums . . . . .	20 to 25 ft. apart
Figs . . . . .	15 to 25 ft. apart
Grapes . . . . .	10 to 16 ft. apart
Peaches and Persimmons . . . . .	20 to 30 ft. apart
Pecans and Walnuts . . . . .	40 to 60 ft. apart
Shade Trees — large growers: Chinese Elm . . . . .	30 to 50 ft. apart
and Sycamore . . . . .	
Medium to small growers: Mimosa, Red-bud, and Weeping Willow . . . . .	20 to 40 ft. apart

These trees may be spaced closer together when planted in a single row or in yards.

Dew-Black berries . . . . . Plant 3 ft. apart in rows 6 ft. apart

Rosberries and Thornless Boysenberries . . . . . Plant 4 ft. apart in rows 6 ft. apart

# World's Record PRODUCERS

CULTURE

## ELBERTA

Would you believe that there are over 100 kinds of Elbertas being sold by nurseries? Very few have the original, pure-strain that gained world-wide fame for its size, color, flavor, and bearing habits. The buds that we use come right off trees in our own bearing orchard. It's the oldtime Elberta that our parents knew and remembered as being one of the most dependable bearing trees of all time. Our true Elberta, a huge, yellow freestone, ripens July 10th. Labelled with one GREEN stripe.

### PRICES:

2 yr. Large Trees - \$1.50  
2 yr. Medium Trees - \$1.00

## INDIAN

A real handful of the most outstanding, red-fleshed, red-skinned peach that is grown. Mrs. Wolfe says it is the finest pickling peach in the land, and women who live in the Stephenville area come to our orchards every year when the Indians get ripe — they buy them and pickle them, and the whole family has a treat all winter long. Not only are they a treat when they are pickled though — they're fine eatin' when picked ripe right off the tree. Our true-strain, old Indian Cling ripens July 20. Indian is labelled ORANGE.

### PRICES:

2 yr. Large Trees - \$1.30  
2 yr. Medium Trees - \$.90

## GIANT HALE

A Grand Champion Show Peach that draws more attention and brings higher prices on the market than any variety that we know. Giant Hale is a yellow freestone that ripens July 15th. Its skin is a deep, rich red, and its meat a bright yellow. We've had Giant Hales come out of our bearing orchard that would weigh over a pound and would be as much as a foot in circumference. It's a giant all right, and you will be proud of the results you get when you plant Giant Hale. Labelled YELLOW.

### PRICES:

2 yr. Large Trees - \$1.50  
2 yr. Medium Trees - \$1.00

## FRANKIE

A true sister peach to the famous Frank that ripens from August 15th to September. This large, beautiful yellow freestone has all the qualities of Frank with one exception — Frank is a bit sweeter. Frankie is a heavy producer even during years of late frost and dry spells. It has bright color and flavor that sells on sight. Frankie and Frank make an ideal pair for either home or commercial orchards. For the very best late-ripening freestone, be sure to plant Frankie. Labelled with a BLUE stripe.

### PRICES:

## FRANK

FARM AND RANCH Magazine says, "The most outstanding peach produced in the Southwest." That just about tells the story, for Frank is outstanding in every respect. It is a large, firm, juicy, yellow cling that ripens August 10th. It's so sweet that most women can them without sugar. Now 47 years without missing a crop at Mexia, Texas. Frank's record year-in, year-out production, proves its value as an outstanding frost-resistant variety that is a "must" in every home or commercial orchard. Guaranteed by Wolfe Nursery and labelled with one WHITE stripe.

### PRICES:

2 yr. Large Trees — \$1.50

2 yr. Medium Trees — \$1.00

## NEW ELBERTA

This is a juicy, yellow freestone that ripens about June 20. The first of its class to reach the market, New Elberta has been widely planted as a commercial peach because of its young bearing habits and high quality fruit. It is a good home orchard variety, since it is an extra fine all-around peach. Whether you want to eat it juicy ripe off the tree, can, or freeze it, you'll like New Elberta. Grown and guaranteed by Wolfe, New Elberta is labelled with one PINK stripe.

### PRICES:

2 yr. Large Trees — \$1.50    2 yr. Medium Trees — \$1.00

## GOLDEN JUBILEE

This is the first yellow freestone to ripen, and they are ready to eat, tree fresh, between the 10th and 15th of June. Now, this is a better peach than the regular Golden Jubilee. This improved strain doesn't have the soft tip on it and, of course, it comes off earlier. It has a fine, sweet flavor and bears every year. New Golden Jubilee is a Wolfe Nursery, frost-resistant peach that belongs in every home or commercial orchard. Labeled with two YELLOW stripes.

### PRICES:

2 yr. Large Trees — \$1.30

2 yr. Medium Trees — \$.90

## HALEHAVEN

A prize-winning freestone that ripens June 25th. Halehaven is a large, beautifully colored, yellow-fleshed peach that is without question one of the finest canners grown. Commercial orchardists know Halehaven as a bountiful producer and a splendid shipper that brings top prices on the market every year. It is perfectly self-fertile, extremely hardy, prolific, and a good pollinator for other peaches. Labelled with two BLUE stripes.

### PRICES:

2 yr. Large Trees — \$1.50

2 yr. Medium Trees — \$1.00

*Beautiful To See - Delicious To Eat*

We know of no other fruit tree that offers such beautiful blossoms during the spring — such outstanding, colorful red foliage all during the growing season — and such delicious eating. Allred is a dual purpose tree — not only does it produce one of the nation's outstanding quality plums, it is absolutely unsurpassed as a beautiful and colorful landscape tree. The fruit looks like a dark cherry, only larger, and its flesh is a juicy, deep red. It is ideal for either eating fresh off the tree, or for making a tasty, bright red jelly. The leaves are RED — the stems and branches are RED. The fruit is RED inside and out, and the tiny seed is RED. Allred is truly ALL RED. Labelled with a BLUE stripe over a WHITE stripe.

**PRICES:**

2 yr. Large Trees - \$2.20    2 yr. Medium Trees - \$1.65  
2 yr. Small Trees - \$1.25

*Number of Plants Per Acre*

35x35	35	40
40x40	27	31
60x60	12	13

**PLEASE DO NOT ASK US TO SHIP BEFORE STOCK IS DORMANT.** Every year some of our good customers ask us to ship in September, October, and November. Yes! we'd like very much to ship that early but the stock IS NOT RIPE — IT IS NOT DORMANT — IT WON'T LIVE or do its best. We must wait for frost to cure the plants. We can't take your money and then ship stock that we know has been dug green. Our shipping season (depending upon the weather) usually starts around DECEMBER 15th — so, PLEASE, please don't rush the planting date. You'll be ahead in the long run, and we'll have one more satisfied customer.

**MONEY *Does* GROW ON TREES**

# Howard's Miracle

(PATENTED)

## THE MOST SENSATIONAL FRUIT OF A DECADE

THE INTRODUCTION of the "Miracle Plum" marks an epoch in the advance of fine fruits for the table. The tantalizing and delicious flavor, the great size, firm amber flesh, combined with a delightful color, place the "Miracle Plum" in a class by itself. Invariably, after tasting the "Miracle Plum," comes the exclamation: "This fruit is truly a miracle. It is something out of this world." Here are some facts about the "Miracle Plum": Extraordinarily large size fruit, average diameter 2½ to 2¾ inches. An astounding surprise to the palate, flavor not unlike Nectarine, Peach, and Plum mixed; skin thin and unnoticeable when eating fruit, miniature stone, meat Nectarine-like in quality. Keeping qualities excellent, delicious in preserves, fruit ripens over long period during July and August. Exceedingly fast growing and quick bearing tree, which will bear fruit second year after planting. Beautiful ornamental tree of medium size, foliage persistent, in autumn richly tinted not unlike the leaves of a Maple. Can be grown in a small garden. 1 Yr. Trees, Labelled BLUE over ORANGE.

PRICE: \$2.00 each

### You've Never Tasted Plums Like These

The great size, the new delicious flavor. (Is it Nectarine? Is it Peach? Is it a Plum?) The firm amber flesh makes it the most exciting fruit grown today. Plant one or more of these exceedingly fast-growing, quick-bearing trees and harvest fruit the second year. Bears through July and August.

## Sapa PLUM CHERRY

This is Mrs. Wolfe's jelly plum and she personally asks us to pass on the following words to you: "We've been growing plums here at our nursery for over 30 years, and I'm sure that over that period of time we have tested over 100 plum varieties. Never, during that period, have I ever seen any plums that made a more beautiful or tasty jelly than the Sapa Plum Cherry. It has been our family favorite for over 20 years." The Sapa is a bountiful producer of rich, dark purplish-red plums that are just as sweet as sugar. It ripens in the latter part of June. Labelled BLUE over PINK.

PRICES:

2 yr. Large Trees — \$1.95      2 yr. Medium Trees — \$1.30

## WOLFE'S NECTARINE

The Nectarine is such a delicious fruit it has always been a source of disappointment that there has been no Nectarine variety which was dependable in this area. Only now have we succeeded in getting a Nectarine that has stood the test. These big, bright red and yellow fruits are unbelievably good, and so good looking that you will keep a bowl of them on the table just for ornament. (We guarantee they won't stay in the bowl long, they taste too good.) You'll not have to hope for a crop—you'll get it every year without fail. Add to all this the fact that the big spring blooms have such a lovely clear pink color that it is almost as ornamental as the finest flowering Peach—after all this, does it sound as if you could afford to be without it? Ripe in July.

PRICE:  
\$2.50 each

## BRUCE PLUM

The best large red Plum grown in the South. The tree is very healthy, bears very young and produces loads of Plums nearly as large as a hen egg. It ripens early in June, and growers report getting \$8.00 per bushel on the New York market. Other varieties of Plums must be planted with Bruce for pollination. It is the only variety on our list that is not self-fertile. In commercial plantings, we recommend planting one pollinator to twenty Bruce. Bruce is labelled BLUE over RED.

PRICES:

2 yr. Large Trees — \$1.40  
2 yr. Medium Trees — 95¢

## BURBANK PLUM

One of the finest eating Plums that ripens about June 25th. It is a large, purplish-red Plum with deep yellow, delicious flesh. A very prolific variety that was created by, and named for, a great man. Burbank is an excellent commercial Plum, and sells in the fancy fruit class. It is labelled with a BLUE stripe over a GREEN stripe.

PRICES:

2 yr. Large Trees — \$1.40

THOMPSON  
SEEDLESS

# Better Grapes

Selected Varieties for  
Juices, Jams, Jellies, or Eating Fresh

## THOMPSON SEEDLESS

A sweet, delicious, seedless grape known the nation over as one of the finest of all table grapes. Thompson Seedless is sold in stores at high prices. You can take the money that it costs you to buy a few bunches at the store and buy your own vines that will produce all the sweet, delicious, home-grown grapes you can use. Plant some of our select grapes — say, at least one of each variety in your back yard on your fence, or even in landscaping planting. They will be a source of pleasure to you and your family for years to come. Labelled YELLOW.

### PRICES:

2 yr. Large Vines — \$1.00

## CONCORD

This large, juicy, sweet, tender-fleshed Grape ripens in August when everyone is hungry for a handful of good eating. The clear skinned, purplish black Concord bears heavy crops the second or third year after planting and the strong, healthy vines produce for many years. Concord is labelled BLUE.

### PRICES:

2 yr. Large Vines — \$.75

## NIAGARA

The Grape with a distinctive flavor is worthy of a place in your planting. This hardy, prolific Grape is another of our selections from a long list of good varieties. It is a vigorous grower that produces an abundance of light green to white, compact bunches. Don't leave Niagara out of your planting if you want a Grape with a delicious tang. Niagara is labelled WHITE.

### PRICES:

2 yr. Large Vines — \$.75

## DELAWARE

There has probably been a greater acreage planted in Delaware than any other red Grape. This beautiful, compact variety has juicy, sweet flesh of the finest quality for both table and wine use. It is adapted to a wide area and considered one of the heavy production varieties. It is a good commercial Grape and your home orchard will not be complete without Delaware. Labelled ORANGE.

### PRICES:

2 yr. Large Vines — \$.75

CONCORD

# Figs

Wolfe's Everbearing Figs Produce  
Juicy Ripe Fruit the First Year

You can have fresh, big, soft, sweet Figs the first year from Wolfe Everbearing Figs. Easy to plant and easy to grow. I wish you could spread some of the delicious Fig preserves that Mrs. Wolfe makes, on a hot biscuit, with a little butter, and then take a big bite. Good! So good that you'd plant three or four Figs in your back yard. Figs the first year!

## WOLFE'S EVERBEARING FIG (RAMSEY)

It bears the first year and ripens big, delicious Figs from July until frost. Bears on new growth. As the actual color picture shows, it is a beautiful Fig and very sweet. \$400.00 an acre was made on this Fig at Dallas, Texas. Labelled PINK over WHITE.

### PRICES:

Small — \$1.25 — Large — \$1.50

# CARMAN

## *The All Purpose Grape*

Is one of the sweetest Grapes grown. We put up hundreds of gallons from our vineyard at Comanche, Texas. Carman makes large, compact bunches of Grapes and is a very heavy producer. It is a regular bearer of firm, glossy black Grapes that melt in your mouth. It is adaptable to most any section and ideal for home or commercial planting. Carman is one of the famous Munson Grapes that combine the best quality of several varieties. It is mildew-resistant and is seldom attacked by leaf folder. Carman is labelled with a RED stripe.

PRICES:

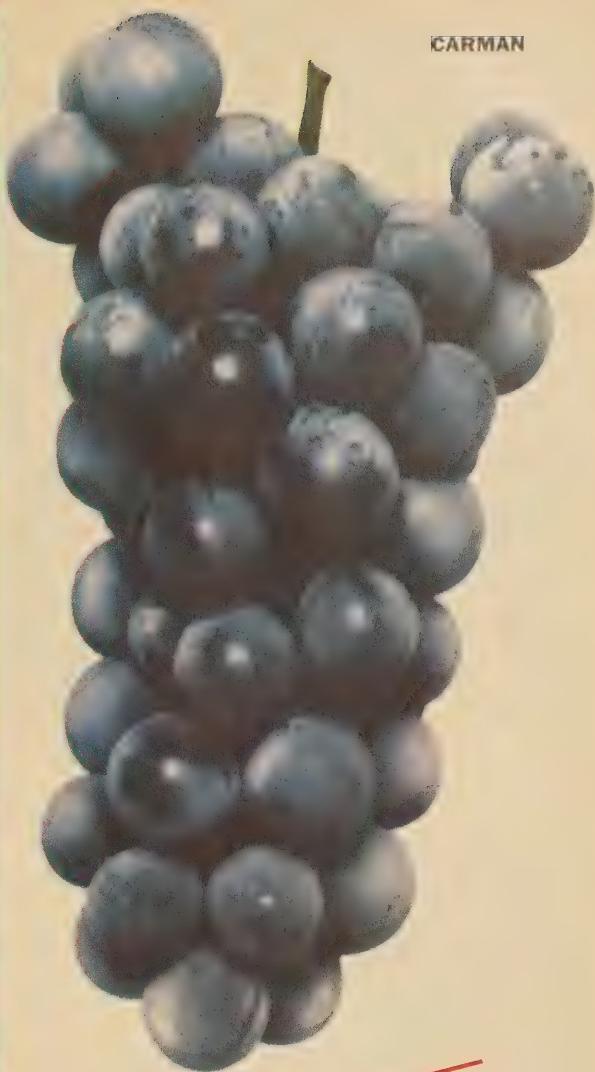

3 yr. Jumbo Vines — \$1.00  
2 yr. Large Vines — \$.80

## *Guaranteed!*

Yes! In every sense of the word. Your money quickly returned if not completely satisfied. Wolfe Nursery stock is pure strain, true-to-name, Federal and State approved, grown right, inspected seven times, packed right, and delivered promptly. You will be pleased.

### A GRAPE SUPER SPECIAL

A Super Special Collection of Grapes for home use. Collection is made up of two Carman and one each of Thompson Seedless, Delaware, Niagara, and Concord. A regular \$4.75 value for only \$3.98. All six for only \$3.98.

Thousands of letters from satisfied customers prove just how good Carman is. Its vigorous growth and heavy production mark it outstanding among grapes.

All Plants  
Prepaid  
to Your Door

## RHUBARB

### VICTORIA RHUBARB

The first plant to furnish fresh sauce for pies in springtime. Will last a lifetime. Will provide lots of juicy stalks after the first year. Plant two feet apart. Set the roots straight up and down, with the crown about two inches below the surface of the soil.

Last fall, Mrs. Wolfe planted Rhubarb in her side yard. Not only did she have an abundance of juicy rich Rhubarb for sauce, the huge, caladium-like leaves of the dark green plant added unusual color and beauty to her landscape.

PRICES: 12 for \$1.60

## ASPARAGUS

### MARTHA WASHINGTON ASPARAGUS

Introduced by the U. S. Department of Agriculture a few years ago. Produces large, tender, green tips. Famous for its mild, rich, full flavor. A few roots produce many tips. Plant them 12 inches apart in the garden. In the field, the rows can be 4 feet apart. 5,000 roots will plant an acre.

PRICE: 12 for \$1.25

# Wolfe HOME ORCHARD & COMMERCIAL APPLES

## THE Holland Apple

Mother Nature must have decided to combine all the best qualities of apples into one when Holland was originated. When I first saw this grand apple at Weatherford, Texas, I knew it was the Apple that Texas and the great Southwest needed. For many years, Holland has proven to be a consistent, heavy producer of huge, dark, strawberry-red, smooth, firm, juicy-fleshed Apples. Its delightful flavor more than pleases the most exacting taste.

Being a native Texan, Holland is especially adapted to our climate and soils, but has proved outstanding wherever Apples are grown. Holland is the perfect apple for home planting. Of course, its most outstanding point is that it will consistently produce apples for us here in the South. Then, it's self-fertile. You do not have to plant another apple with it to get it to produce. You get heavy production with just one tree. It ripens early — July 20. It will fruit for you the 2nd year following planting. Labelled ORANGE over RED.

### PRICES:

2 yr. Large Trees - \$2.00      2 yr. Medium Trees - \$1.50  
2 yr. Small Trees - \$1.00

### HOLLAND PRODUCES YOUNG

Our Holland Apple orchard was planted in February and bore its first fruit 5 months later in July. Holland is the youngest bearing, heaviest producing apple we have ever grown.

All four Holland Apples for

**Only \$3.50**

## DOUBLE RED DELICIOUS

Pictured left

The old King of red eating Apples that is grown from coast to coast with equal success. By thinning the fruit properly, Double Red will develop into a huge size. Our pure-strain Double Red bears loads of big, sweet, firm apples, that are a treat to enjoy. Trees you receive from Wolfe Nursery are budded from our own bearing orchards. Store-bought apples are picked before they are ripe and don't compare with those picked from your own trees. Double Red Delicious is NOT self-fertile and MUST be planted with either Holland, Golden Delicious, or King David. Double Red is labelled ORANGE over BLUE.

PRICES:

2 yr. Large Trees — \$1.35; 2 yr. Medium Trees — 95¢

## THERE'S GRAND EATING PLEASURE

IN

## *Golden Delicious*

Pictured left

By far the outstanding Apple in its class. Self-fertile and an excellent pollinator in the home or commercial orchard. Golden Delicious is a mild, juicy, sweet, crisp, white-fleshed apple with new-gold skin that has a distinctive flavor all its own. It is a richly fragrant and appetizing apple that belongs in every home planting. Like Holland, Golden Delicious is adapted to a wide territory and bears very young. Golden Delicious is labelled with an ORANGE stripe over a WHITE stripe.

PRICES:

2 yr. Large Trees — \$1.50; 2 yr. Medium Trees — \$1.00

## KING DAVID

Pictured left

An August Apple that will yield from \$200.00 to \$300.00 per acre. One orchard at Baird, Texas, has produced as much as \$500.00 worth of King David Apples per acre. It also proves that "Money DOES grow on trees." KING DAVID is a medium size, firm, bright red apple with a tart acid flavor, somewhat similar to the old Winesap—juicy. Very prolific producer and healthy grower. Perfect for apple pies, cobbler, apple jelly, jams, and apple butter. Tall all-purpose apple that is one of the best pollinators. Labelled ORANGE over YELLOW.

PRICES:

2 yr. Large Trees — \$1.35; 2 yr. Medium Trees — 95¢

TEMPTING - TANGY GOODNESS

## Wolfe's RUBY RED CRAB APPLE

Transcendent

"Most valuable of all red Crabs," because of very heavy production, attractive crimson red color, good size, and unexcelled quality of its jelly, preserves, jams, and pickles. Tree is dwarfish. Pink blooms and ruby-red fruits make it a fine lawn ornamental. Bore  $\frac{1}{2}$  bushel at 2 years. Labelled ORANGE over GREEN.

PRICE:

Medium Trees — \$1.60

# Sweet & Tart CHERRIES

for Home  
canning or fresh eating

## MONTMORENCY

The best known and the most widely planted of America's tart Cherries. The fruit is large size, its color bright red, and its flesh firm. It's the principal canning cherry because of its dependable production and the hardiness and disease resistance of the tree. Plant only in altitudes of 600 feet and up. Labelled WHITE over GREEN.

PRICES:

1 yr. Large Trees — \$1.75

1 yr. Medium Trees — \$1.25

## BLACK TARTARIAN

A large, sweet, black cherry, known best as an ideal fresh eating fruit. The Cherry is rich and flavorful—the tree a vigorous, upright grower that is a colorful, welcome addition to any landscape plan. It takes such a little bit of space to grow cherries that no home orchard should be without one or two. The unusual, appetizing flavor of juicy homegrown fruit pays you back a hundred-fold for the small amount of effort it takes to grow and care for the trees. Black Tartarian is labelled WHITE over RED.

PRICES:

2 yr. Large Trees — \$2.00

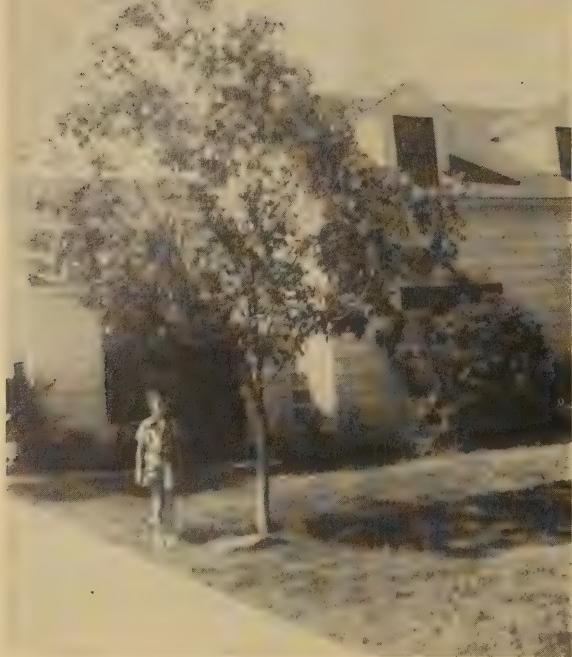

2 yr. Medium Trees — \$1.50

## Please Note

We do not recommend the planting of cherries south of Waco, Texas, and only for Home Orchards south of Wichita Falls, Texas.

# GUARANTEED Superior Quality!

Each and every plant grown here at Wolfe Nursery must first meet with our own high and exacting standards of perfection. We are far more difficult to please than are our customers, for our products are viewed with eyes of expert horticulturists and must first please *US* before they are offered to *you*. The experimenting is ours—not yours. Each tree and plant must be the last word in strength, beauty, and production before it can find its way into the pages of this catalog.

Thus, the words GUARANTEED SUPERIOR QUALITY constitute no mere catch phrase but are used in the strictest literal sense of their meaning. In order to make such a statement, any company must need be very positive of the quality of their products.

In the final analysis, the priceless ingredients of any company are found not in the buildings or land they may own, but in the prestige, character, and reputation of the company. Only in their dealings with their customers over a period of years does any company become truly great.

Our customers are probably the most discriminating group of buyers of nursery products to be found anywhere. They DEMAND the best! They INSIST upon the best! and from Wolfe Nursery they get the best.

## AND WE RECEIVE LETTERS LIKE THIS

Dear Mr. Wolfe,

During the past several years, upon various occasions, the lowest bid for plant material to be planted on the campus of Texas State College for Women was submitted by The Wolfe Nursery.

I thought you might be interested to know that in every instance the quality of the nursery stock, the manner of handling, and the friendly helpful services you have rendered have been deeply appreciated. With best wishes for your continued success,

Sincerely yours,  
Fred W. Westcourt, Director, Department of Rural Arts  
In Charge of Campus Beautification, Texas State College for Women  
Denton, Texas

## Our papershell Pecan Trees are the Nation's Finest and WE DIG THEM WITH THE GIANT DIGGER

There is no tree so valuable as a papershell pecan. There is nothing you can plant that will add so much to the value of your property as a papershell pecan. Wolfe Nursery has specialized and pioneered the production of the nation's most valuable and profitable papershell pecan varieties—constantly searching out only the best—diligently

breeding new varieties and checking the merits of all new introductions. The world over, Wolfe Nursery is recognized as the nation's foremost producer of papershell pecans.

To be sure of selling you the very best tree means that not only must we take care in growing—recognizing the need for a full, fibrous root system, Hugh Wolfe developed and engineered the ultimate in tree diggers. Now when we sell the best pecan tree—you may be assured that you are receiving the finest root system on that tree. Added up, it simply means that a Wolfe Nursery Papershell Pecan with a full root system is a fast growing—fast producing tree. Sure you get just the best when you order from Wolfe Nursery.

# Wolfe's WESTERN GROWN JUMBO ROSES

If you have had costly and disappointing experiences with "bargain" Roses, such as you can always buy at cut price stores and from other sources of no horticultural standing, then you understand readily why so many thousands of gardeners save money by purchasing their Roses and other plant materials from the dependable Wolfe Nursery. When you order Wolfe Nursery's Western Grown Jumbo Roses, you may be assured of receiving "that something extra" every time. Extra care by our experienced horticulturists means extra vigorous plants for you—and vigorous plants mean a multitude of blooms from early spring to hard frost. A Western Grown Jumbo Rose is a quality rose that will be a complement to your yard and a source of pleasure for you for years to come.

## A YEAR IS GAINED WHEN YOU PLANT MACHINE DUG TREES

When you plant a tree that has its fibrous feeder roots cut off, you can bet your bottom dollar that that tree is not going to grow a single inch until it has had time to grow the feeder roots back again. In our opinion, more trees are lost due to the lack of sufficient root system, than any other single reason. You do not wait a single day for Wolfe Nursery trees to develop a root system. When we dig trees with our machine digger, *all of the fine fibrous feeder roots remain intact*. There's no waiting—no delay—and you've gained a year, for your trees start immediate growth. Your trees will live—and—your trees will bear sooner, thanks to Wolfe Nursery's machine digging system that leaves feeder roots intact. Buy only the Best—Buy Wolfe Nursery's guaranteed trees.

### LOOK AT OUR WONDERFUL PAPERSHELL PECAN TREES

#### AND FROM VERNON, TEXAS COMES THIS LETTER

Dear Mr. Wolfe:

I should like to take this opportunity to write and tell you how much your shrubs and trees have helped to beautify homes and produce fruits and nuts for this locality.

During the last 5 years, we have planted more than 200 of your fine pecan trees. Some of them produced the first year. We agree wholeheartedly when you say that a Wolfe Nursery pecan tree is a fast-growing tree. Our more than 1,000 fruit trees are a wondrous sight to see. In addition, we have planted literally thousands of your evergreens and flowering shrubs on the Waggoner Estate properties.

Our success with Wolfe Nursery plants has been spectacular, and I personally attribute this success to two things—First, they have been grown under conditions to make them hardy; Secondly, they are properly dug and wrapped before shipment.

We appreciate the quality of the plants you have sent us, and we are grateful for your courteous service.

Sincerely,  
Olan Genn, Agronomist  
W. T. Waggoner Estate  
Vernon, Texas

# THE WOLFE NURSERY

BUILT ON  
*Customer Confidence*

WOLFE  
NURSERY  
MONEY DOES GROW ON TREES

ROSS R. WOLFE

E. E. RISIEN

E. E. Risien received the Gold Medal for his outstanding contribution to horticulture. This grand old man gave many new and valuable varieties to the Pecan world, such as Garner and Western Schley. By Mr. Risien's request, Wolfe Nursery is continuing his breeding work for bigger and better Pecans.

J. W. STUBENRAUCH

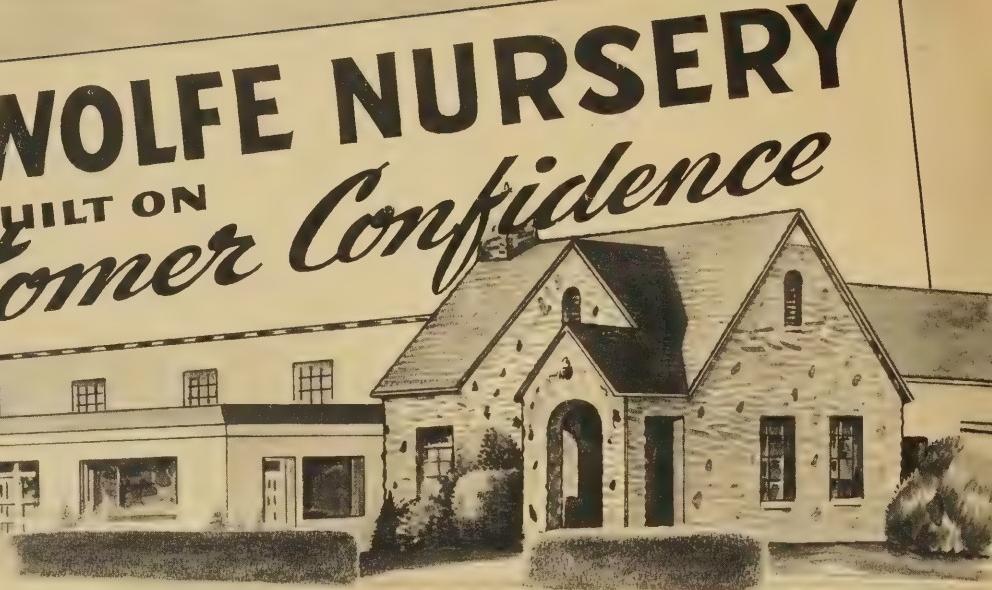

Famous breeder of Frost-Resistant Peach varieties. Frank and Frankie are two of several outstanding creations that have set production records. By his request, Wolfe Nursery is continuing his breeding work in Peaches.

T. V. MUNSON

World famous for creation of over 100 new Grape varieties. Carman is the leader. Received many medals from France and other countries. We purchased the famous Munson vineyards to preserve his many varieties and continue his work.

Who built Wolfe Nursery? The answer is, our customers. Customers, who had faith and confidence in our word when we first started — customers who have year after year ordered, knowing by experience, that when they buy from Wolfe Nursery, they buy without risk and with assurance of quality and yield. Those that wanted the best, because they knew that real profit is always in the best. Some wealthy, but most of them people who have had to spend carefully. Those customers are the people whose faith and support has built Wolfe Nursery. We are forever grateful to them. A guarantee that positively assures your receiving your money's worth is the latest extra step in customers service by Wolfe Nursery. We guarantee every plant to live — if it should not, it will be replaced free of charge. Most nurseries do not make any guarantee at all, other than to guarantee that the plants will be in good condition when received by you. Some offer to replace losses at  $\frac{1}{2}$  price. Wolfe Nursery's guarantee is complete — and it is a guarantee that protects you. All we ask is that you conscientiously take care of your stock and follow our planting instructions. We grow our own stock — we know the quality of the stock we sell, and we are not hesitant to back it up with a full guarantee. Better nursery stock at reasonable prices, personal attention to your needs, prompt friendly service, plus a complete guarantee that protects you. That is our bid for your business.

to Your Door

Money DOES

Grow on Trees

Ross R. Wolfe founded Wolfe Nursery in 1920 and devoted his life to the selection and breeding of better fruit and nut varieties. Pioneer in soil building and diversified farming, paying orchard practices and civic improvements. Served as President of Texas Nurserymen, Pecan Growers, Fruit Growers, Chamber of Commerce, Lions Club, and Director of American Association of Nurserymen. His high standards and business ethics are known by the thousands who have continued to be loyal customers. I, Hugh Wolfe, and every member of Wolfe Nursery, pledge strict adherence to the policies and standards of Ross Wolfe.

# Thomas

## BLACK WALNUT

A BEAUTIFUL SHADE TREE PRODUCING

FLAVORFUL, TASTY, THIN-SHELL WALNUTS

This Jumbo, thin-shell Black Walnut will grow and bear in all sections—from the Gulf Coast to Canada. How easy it is to pick tasty bushels of these big, delicious walnuts from your own trees and store them for those cold winter days for eating fresh or making delicious candies.

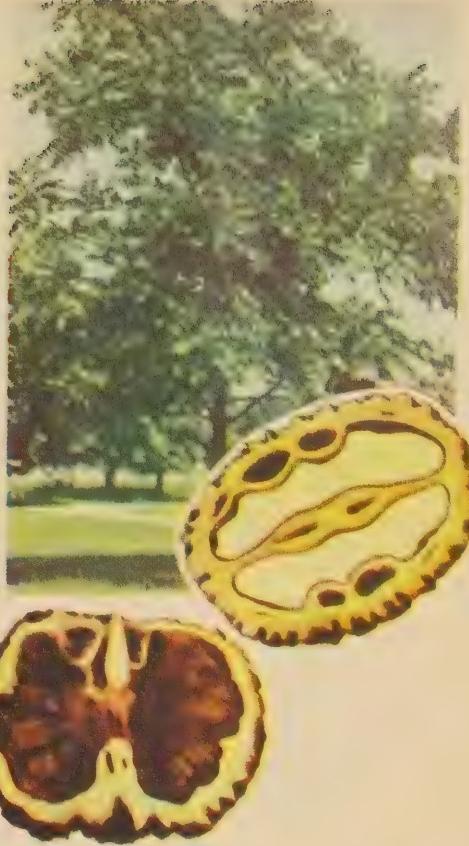

Thomas Black is an ideal shade tree. It grows fast—is disease-resistant—and its deep green leaves make valuable shade in your yard. Thomas Black starts bearing the first year in our nursery rows. Some trees are now producing from 20 to 30 bushels of giant Walnuts. Labelled with two RED stripes.

PRICES:

5 to 7 ft. Trees — \$4.25

7 to 9 ft. Jumbo Trees — \$6.95

All Plants Prepaid to Your Door

## PERSIMMONS

The most beautiful tree and fruit grown. Picture a tree with large, green, waxy leaves like a Magnolia just covered with large, orange-red Persimmons that make a dish fit for a king. The leaves turn all shades of beautiful colors during autumn and after they fall, you really have a show of big fruit. We have never been able to grow enough trees to supply the demand. Persimmons will grow from the Gulf Coast and as far North as cotton.

**TANI-NASHI** A long, bright orange Jap Persimmon that is seedless. Finest quality to be had. We have picked Tani-Nashi when snow covered the ground. What a beautiful sight! Persimmons with a white snow background! It is frost-resistant and widely adapted. Deliciously flavored. Plant trees 20 feet apart. Tani-Nashi is labelled YELLOW over RED.

PRICES:

2 yr. Large Trees — \$2.80

2 yr. Medium Trees — \$1.80

**EUREKA** A very hardy variety with a most delicious flavor. Sometimes seedless. Big red fruit literally cover the tree and hang until soft ripe. Our system of using fruit-buds causes Wolfe-grown trees to produce young and heavily. When served with a few drops of lemon juice, sugar, and thick cream, Eureka is a dish fit for a king. Eureka is labelled YELLOW over WHITE.

PRICES:

2 yr. Large Trees — \$2.80

2 yr. Medium Trees — \$1.80

### Japanese Persimmon Special

These trees make such lovely landscape trees that many customers want them in groups of 3. This collection is made up of 3 Jap Persimmons—one year old trees at a big saving for you.

ALL 3 ONLY \$4.45

# WOLFE NURSERY'S WORLD FAMOUS PAPERSHELL PECANS

# THE **GARNER**

ALL PLANTS PREPAID  
TO YOUR DOOR

A Wolfe Nursery introduction acclaimed outstanding  
for quality, production, and unexcelled shade.

Plant your pennies and watch your dollars grow. Garner starts growing dollars in a hurry. We have fruited this great Pecan alongside of many others during a period of 16 years and it has made more money per tree than any other. We have never been able to supply the demand. Garner will bear at least one-third more per tree than other Pecans and produce nuts the first or second year after you plant them. WHY? Because Garner just naturally bears young. Add this desirable trait to Wolfe's "Machine-dug" root system that reduces "TRANSPLANT SHOCK"—the use of FRUIT BUDS in propagation, and you have the answer to why people prefer Wolfe's Garner Pecan Trees. Garner is FROST-RESISTANT—bears every year and is one of the first to mature in the fall. It is a TRUE paper-shell—so thin it can be cracked with the fingers. The creamy, delicious kernels are extremely rich in oils, proteins, carbohydrates, vitamins, and distinctive flavor. Plant in uplands of sections only at altitudes of 600 feet and UP. Garner is one of the most outstanding Western varieties ever discovered. Should be planted with Mahan for best results. Order your trees early. Get the benefit of early rains. Garner is labelled RED.

#### PRICES:

2 to 3 ft. trees — \$2.95	3 to 5 ft. trees — \$4.75	5 to 7 ft. trees — \$6.90
7 to 9 ft. trees — \$9.50	9 to 11 ft. Jumbo trees — \$14.25	

**Garner**  
**will outbear all**  
**other Pecans.**

Note this beautiful Pecan; what a thin shell, how perfect the big kernels, and the ideal shape. John Garner is about one-third larger than pictured above. SOLD ONLY BY WOLFE.

The World's Largest Pecan

# Giant MAHAN

All Plants Prepaid to Your Door

Can you imagine Pecans so large that the clusters of nuts look like bananas on the trees? That's Giant-Mahan — THE WORLD'S LARGEST PECAN. The nuts look somewhat like Schley but they are more than twice as large. Giant-Mahan is also a true brittle paper-shell and brings more money per pound than any other Pecan. This variety has become increasingly popular due to the healthy, vigorous-growing tree which makes a beautiful shade specimen. It grows upright and puts on dense, dark green foliage. The leaves are extremely large. Added to this feature, it is adapted to all sections and is resistant to common diseases. Giant-Mahan is a heavy producer and our Machine-Dug root system enables it to start bearing soon after you plant it. Giant-Mahan and Garner make an ideal pair for home or commercial planting. Mahan is labelled with one WHITE stripe.

#### PRICES:

2 to 3 ft. Trees - \$2.95

5 to 7 ft. Trees - \$6.90

3 to 5 ft. Trees - \$4.75

7 to 9 ft. trees - \$9.50

*There is no tree that adds so  
much to the value of your land as  
does a papershell pecan.*

## The John Garner-Giant Mahan BLUE RIBBON PECAN OFFER

This is the "perfect" combination of Papershell Pecans. If you look for production of high quality, huge size papershell pecans—if you look for beautiful, valuable, long-lasting shade trees—look no more, for this "perfect" combination gives you the ultimate in production, plus shade that's a joy to enjoy. Our BLUE RIBBON OFFER is made up of 3 selected trees. Two Garners and one Giant Mahan. Offered in three different sizes. If you want only the finest—at a saving—order today—

3 Trees 1 to 3 Ft. Size

ONLY \$6.45

3 Trees 3 to 5 Ft. Size

ONLY \$11.45

3 Trees 5 to 7 Ft. Size

ONLY \$17.45

**O**ur customers are probably the most discriminating group of buyers of nursery products to be found anywhere. They DEMAND the best! They INSIST upon the best—and from Wolfe Nursery they get the best.

## WESTERN SCHLEY

### THE PIONEER WESTERN VARIETY

### PRODUCING PROFIT EVERY YEAR

One of the most ideal home orchard and commercial varieties. Its size is large and its shell thin. Western Schley never fails to prove that money does grow on trees. The tree is remarkably healthy, a strong grower, early and heavy producer. A genuine Risien Gold Medal Pecan that makes a gorgeous shade specimen in a hurry. Labelled with a GREEN stripe.

#### PRICES:

2 to 3 ft. Trees — \$2.40	5 to 7 ft. Trees — \$6.40
3 to 5 ft. Trees — \$4.10	7 to 9 ft. Trees — \$8.50
9 to 11 ft. Jumbo Trees — \$12.75	

All Plants Prepaid to Your Door

## SUCCESS

This most popular Eastern variety is in demand because of its excellent flavor; large, plump, smooth, creamy kernels that release perfectly from the thin soft shell. Forty of the big nuts usually make a pound and it tests high in meat content. The tree is a beautiful, vigorous grower and highly resistant to scab. It heads low and makes an ideal variety for yard planting. Success ripens a few days later than Stuart. Both are very polliniferous. DON'T FORGET Wolfe's MACHINE-DUG ROOT SYSTEM makes the difference. Your trees will grow off faster—produce earlier—and make a vigorous shade tree years sooner. Common sense will tell you that a tree cannot grow with all its feeder roots cut off. Buy Wolfe Nursery selected machine-dug trees and you buy the finest.

Success is labelled with one PINK stripe.

#### PRICES:

2 to 3 ft. Trees — \$2.40	3 to 5 ft. Trees — \$4.10
5 to 7 ft. Trees — \$6.40	

### SUCCESS PECAN

## STUART

### A POPULAR VARIETY ADAPTED TO ALL SECTIONS INCLUDING THE COAST

Stuart comes nearer to being well adapted to all sections of the country and all soils than any other variety. It is an excellent producer and a hardy, fast growing, healthy tree. The meat has a real Pecan flavor and the shell is medium thick—somewhat brittle. The average Stuart will run 48 to 50 per cent kernel. As you can see by the actual color picture at the left, the Pecan is large and always well-filled. The trees bear regularly and are highly resistant to scab. Stuart is labelled YELLOW.

#### PRICES:

2 to 3 ft. Trees — \$2.40	3 to 5 ft. Trees — \$4.10
5 to 7 ft. Trees — \$6.40	

### STUART PECAN

# Burkett

FOR UNSURPASSED SHADE IN YOUR YARD  
FOR EATING PLEASURE AND SELLING PROFIT  
PLANT WOLFE'S FAST-GROWING BURKETT

The leader, and will continue to be, in Western varieties. Burkett is a regular and heavy producer of large, round, fat pecans that are perfect for home use and bring top market prices. Burkett is popular—as long as we have been in business the market demand for Burkett and Garner has never been supplied. It has a rich flavor and its meat content is so high that just a few of these choice pecans go a long way. Plant Western Schley or Garner for perfect pollination. Plant only in altitudes of 600 ft. and up and on well-drained land. Wolfe Nursery's select Burketts are labelled with one BLUE stripe.

PRICES:

2 to 3 ft. Trees — \$2.40  
3 to 5 ft. Trees — \$4.10

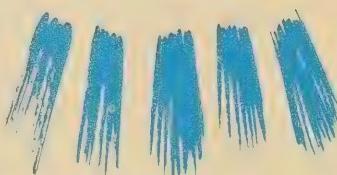

5 to 7 ft. Trees — \$6.40  
7 to 9 ft. Trees — \$8.50

## THE VALUE OF YOUR PROPERTY SOARS

When you plant Papershell Pecans—why, this past June, a Texas delegation, headed by the popular Murray Cox, Radio Station WFFA Farm Director, planted a Wolfe Nursery Pecan atop a New York skyscraper. Sure, Texas is proving to New York that "Money DOES Grow on Trees," and the tree comes from Wolfe Nursery—of course.

ALL PLANTS PREPAID  
TO YOUR DOOR

## Gold Medal Collection

NOW OUR PAPER SHELL PECAN SPECIAL IS OFFERED IN 3 SIZES. Several years ago, many of our customers asked us for a pecan special offer. We came out the next year with our original pecan special. It was 3 trees, 1 to 3 ft. size, for \$5.00. That special meant a saving of \$2.20 to our customers and thousands of good people bought them. Many, many customers who wanted larger trees at a bargain price have written us—so, for the first time, we offer our Gold Medal Collection in three sizes. We are selecting three of our best varieties: Burkett, Stuart, Giant-Mahan, Garner, Success, or Western Schley—those best adapted to your location. Before you know it, these select Wolfe-grown trees will be producing loads of big, delicious paper-shell pecans.

# ROSSBERRY

The  
Greatest  
Berry  
I've Ever  
Found

THE INCOMPARABLE

## ROSSBERRY

IT HAS EVERYTHING and is the sensation of quick-freezing. It is huge in size, and has the unusual combined flavor of Raspberry, Loganberry, and the sweet Blackberry. It fruits the first year after planting and withstands cold and drought. It actually likes dry weather. Remarkably free of the usual diseases. Small, soft, seeds are very few. Now growing in over sixty Federal and State Experiment Stations. First berry to ripen and a very heavy producer. 600 gallons per acre. Grows on a trellis and very easy to pick. As told by the original grower, Rossberry was created by Luther Burbank and went undiscovered for many years.

PRICES:

10 Plants — \$2.00  
25 Plants — \$4.50

50 Plants — \$8.00  
100 Plants — \$15.00

## BLACKBERRY OFFER

For freezing—for Cobblers—for preserving—for eating pleasure for your family. This offer means fresh berries a'plenty for your enjoyment.

**PRICE — ALL 50 ONLY \$3.65**

**THORNLESS  
BOYSENBERRY**

A huge maroon-red berry that grows on an absolutely thornless vine. Its juicy, tangy flavor makes it ideal for fresh eating, canning, cobblers, jams, pies, or jellies. Thornless Boysenberry is adapted the country over and it thrives and produces heavily on back yard fences.

FOR YOUR GARDEN — THE PICK OF THE NATION  
*Wolfe's* **WESTERN GROWN JUMBO ROSES**

Roses have probably caused more people to become interested in gardens than have all other flowers combined, and no other flower has given as much pleasure. Wolfe Nursery's Western Grown Jumbo Roses are guaranteed to bloom the first year, providing you and your family with unmatched color, fragrance and beauty.

**PRIZE WINNING WOLFE NURSERY ROSES**

To make it easy for you to get the most from your Rose budget, our rose list is made up of only the finest types and varieties. We grow the most popular and dependable older roses along with the most exciting new ones. All of them selected for hardiness, abundant bloom, and easy growing. Among the hybrid tea roses, you have a remarkably wide selection to choose from. We especially recommend *Peace* and truly believe it to be the most outstanding rose of all time. The new All-American "Helen Traubel" is a color sensation that is sweeping the nation as well as winning awards abroad. We love all of the rose varieties that we grow—and each variety is outstanding—as our customer, you are assured of one thing when you buy a Wolfe Nursery Rose—you're assured of quality—above all.

**Create lovely garden effects with FLORIBUNDA ROSES**

Floribunda varieties (see Pages 36-37) planted in solid beds give you a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with these cluster roses by planting them in small groups in front of shrubbery in combination with perennials. A bed of the new and famous Floribunda variety "Fashion" is simply breath-taking. Tree Roses add a striking third dimension in your Rose beds and take up practically no ground space. No archway or garden is complete without climbing roses to brighten the landscape.

to Your Door

# PEACE

Certainly this All-America Winner for 1946 is one of the most beautiful of all Roses. Perhaps its chief beauty is the great range of colors through which it passes. The full ovoid bud is deep yellow, with the edges of the petals picoted cerise. It slowly opens to a glorious 5-inch bloom with shades of canary-yellow, pale gold, cream, pearly white, and apple blossom. Although the bloom is unusually large, double and long-lasting, the dainty coloring gives it marvelous beauty. The plant is just as large and fine as the blooms, being above average in size, and the flowers are borne on long straight stems above the vigorous shining foliage. The fragrance is moderate. No such amazing combination of strong stems, fine lasting qualities, and huge, perfectly formed, delicately colored Roses, ever existed before. Plant Pat. No. 591.

# HELEN TRAUBELL

## 1952 ALL-AMERICAN WINNER

Once in a while a new rose appears which from the very first displays such superior qualities that there is never any doubt about its ultimate popularity. Such a rose is Helen Traubel which we think is probably the finest new variety that we have introduced since Charlotte Armstrong. The All-American judges have confirmed our opinion by honoring it with an AARS Award for 1952. In Italy the Gold Medal of Rome was conferred upon it in June 1951. The color varies with the weather—sometimes a light sparkling pink, more often a luminous apricot color (its most characteristic shade), sometimes verging into a ripe bronzy orange. Its unusually large, long slender buds are magnificent in themselves. The half-open flower maintains a delightful fullness of form, and even when fully blown, the big petaled flowers display the lovely color in a lavish way (about 27 petals). The flowers are often 6 inches across but always graceful. It has a mild pleasant fragrance.

## DISTINCTIVELY NEW!

The plant of Helen Traubel will be one of the largest bushes in the rose garden. Tall and bushy at the same time, and so vigorous that it is nearly always with buds or blooms. The flowers are good in all weathers, warm or cool, and reports from the 18 All-American judges and other testers throughout the country indicate that it adapts itself well to all geographical areas. Always borne singly at the end of a long stem, Helen Traubel is a perfect cut flower. If Helen Traubel has a fault that should be mentioned, it may be the occasional tendency of flowers on the side shoots to hang their heads a little. This is seldom apparent on well grown plants.

Since we think that Helen Traubel is destined to be one of the finest of American roses, we also think that it is fitting that it should be named after one of the greatest of American concert artists, famous for her dramatic soprano roles in the Metropolitan Opera and on the concert stage.

A choice collection of only 3 roses. One each of Peace, Helen Traubel, and Show Girl. Three of America's most beautiful Roses for the discriminating buyer. Make your garden a garden of distinction—guaranteed to live, grow, and bloom.

**ALL 3 SUPERB SELECTED \$6.35**

**PERFECTION IN PINK**

# Show Girl

WITH THE MOST GORGEOUS BUDS

This delightful Show Girl is lovely "Perfection in Pink."

From early spring 'til hard frost, the vigorous bush produces long pink buds of unusual beauty. Since its recent introduction, the popularity of Show Girl has risen with meteoric rapidity. It is a joy to grow and its cut flowers are exquisite. We recommend Show Girl to you with enthusiasm, for we know that you, too, will love our "Show Girl."

## RUBAIYAT

A marvelous garden Rose with long stems ideal for cutting. Rubaiyat was the sole All-America Award Winner in 1947. Its bush is extremely vigorous—its fragrance pronounced. Lovely Rose—red flowers grace the large plant from early spring to hard frost. One of our favorite reds. Plant Pat. No. 758.

**PRICE:**

No. 1 Jumbo Bushes — \$2.00

RUBAIYAT

# BEAUTIFUL TREE ROSES

The most beautiful, unusual, and eye-catching roses grown are tree roses. For lending your garden or yard a touch of formality, few, if any, plants can equal them. Tree Roses are grown by budding the desired variety into a tall, straight stalk at a height of 36 inches. The bushy head produces more flowers, and larger ones than the bush type of the same variety. You will note that the Tree Roses which we list are the same varieties as some of our most outstanding bush roses. For full description of the Tree Rose Bloom, look under the bush Rose of the same name.

## TREE ROSE VARIETIES AVAILABLE

**PEACE** - Outstanding Rose of all time. Winner at Rose Shows all over the world.

**CHARLOTTE ARMSTRONG** - A lovely cerise color—and ever-blooming, of course.

**MIRANDY** - Deep wine-red. One of the very best red Roses.

**SHOW GIRL** - For the most gorgeous buds of them all.

**POINSETTIA** - Brilliant red against rich green foliage.

**FORTY-NINER** - The most famous bi-colored rose of all time. A bright red inside—chrome yellow on the outside.

### PRICE ON TREE ROSES:

### NEW YORKER

A rose as enchanting — as alluring — as big, bold and brilliant as its namesake.

# WesternGrown

**SUTTER'S GOLD**  
(Plant Pat. No. 885)

**NOCTURNE**  
(Plant Pat. No. 713)

**FORTY-NINER**  
(Plant Pat. No. 792)

**BRAVO** A big, bold, beautiful red Rose that will completely steal the show in your garden. Bravo is a new, patented introduction and never have we seen any Rose that will equal its bright, cardinal red color. Its blooms are long-lasting, and they hold their color even in the hottest weather. If I grew just one red Rose in my garden, it would be Bravo! Plant Pat. No. 983.

PRICE:  
No. 1 Jumbo Bushes — \$2.25

## SUTTER'S GOLD

All American Rose Winner for 1950—Winner of the Bagatelle Gold Medal in France—Winner of the Geneva Gold Medal. These awards, among the highest of all rosedom, best indicate the striking beauty and outstanding growing habits of Sutter's Gold. Long pointed yellow buds, richly shaded with orange and red. Vigorous, everblooming bushes with long, straight stems, excellent for cutting. Plant Pat. No. 885.

PRICE:  
No. 1 Jumbo Bushes — \$2.25

**NOCTURNE** One glimpse of the perfect, long, streamlined buds of this new rose should arouse enthusiasm in everyone. The color is bright cardinal-red with dark shadings of Chrysanthemum-red—the over-all color becoming somewhat lighter and brighter in warm weather. The large petals have good substance, are richly textured, and there are plenty of them so that the flower lasts a long time. The bush is big and sturdy with the stems long and stout, and the foliage large and luxuriant. We believe that Nocturne is one of the three best red roses in the country today. Plant Pat. No. 713. # JUMBO ROSES

**CHARLOTTE ARMSTRONG** Since its introduction in 1941, when it won the sole All-America Award, Charlotte Armstrong has become the favorite rose in thousands of rose gardens throughout the country. In our opinion, it remains the top All-America Winner out of all the fine varieties given this honor. Certainly it is one of the finest roses that we grow here at Wolfe Nursery. If you are planting it for the first time, you will marvel (as we still do) at the beauty of the lovely, long, carmine-red buds, with their perfect streamlined form, and at the magnificent open blooms of rich cerise. The open flower is usually 3 or 4 inches in diameter, with about 30 petals, high-centered, remaining a beautiful rich color until the last petal drops. No printer's inks can illustrate the richness of its color—you have to see it to appreciate it. Plant Pat. No. 455.

PRICE: No. 1 Jumbo Bushes — \$2.00

**CHARLOTTE  
ARMSTRONG**

## DIAMOND JUBILEE

An All-America Rose Selection, Diamond Jubilee is an exceptionally good plant with its lovely blooms of soft peach-gold. Its petals have a wonderful heavy texture; the flowers open slowly and last well on the bush, or when cut. Blooms are double, high centered, and fragrant. Stems are long and straight with rich, dark green foliage. Diamond Jubilee is an exceptional producer of golden yellow buds that are perfect for the bud vase. Plant Pat. No. 824. PRICE:

No. 1 Jumbo Bushes — \$2.00

**FORTY-NINER** The most brilliant and outstanding of all bi-color Roses, and certainly the most attractive. The color combination is rich and pleasing, vivid orient red with chrome yellow reverse, the yellow most evident in the bud and seen as flashes of a "Golden Lining," in the open bloom. An All-America Rose Selection that blooms continuously from early spring until frost. Plant Pat. No. 792. PRICES: No. 1 Jumbo Bushes — \$2.25 Superb Selected — \$2.95

# EVERBLOOMING CLIMBERS

Wolfe Nursery's Everblooming Climbing Roses represent the nation's most select varieties. In High Noon, Dr. Nicholas, and Climbing Peace, we present three climbers that will lend color and beauty to your fence or trellis throughout the entire blooming season. From early spring until hard frost, you can enjoy these unusual and outstanding climbing roses.

All Plants Prepaid  
to Your Door

## DR. NICHOLAS (Plant Pat. No. 457)

The beauty and freedom of bloom of this remarkable new Rose will certainly win your heart. From spring to frost the fully double, 50 to 60 petals, deep rose-pink flowers are produced. Very fragrant, and they come on long stems fine for cutting. Beautifully displayed as a pillar rose. The plant is hardy and disease-resistant. The most popular climber we have sold. Plant Pat. No. 457.

PRICE: No. 1 Jumbo Bushes — \$2.00

# Fiesta

CLIMBING ROSE  
SPECIAL

A colorful collection made up of 2 Dr. Nicholas and one lovely High Noon. Three everblooming climbers of unusual beauty.

ONLY \$5.50

## HIGH NOON

### REGIONAL ALL AMERICA AWARD WINNER

All of the concentrated brilliance of sunshine at midday is captured in the lovely buds of this extraordinary climbing rose. The blooms are bright, shining, lemon yellow, and they stay on for a long period of time. Its well shaped buds are one of its most outstanding features. Many, including my wife, say that there's not any other rose that produces a more beautiful bud.

In early spring, High Noon seems to burst out all over, but it does not stop there. It continues to produce masses of blooms until hard frost. Plant Pat. No. 704.

PRICE: No. 1 Jumbo Bushes — \$2.25

## CLIMBING PEACE

HIGH NOON  
(Plant Pat. No. 704)

The bush rose of Peace is the world's most outstanding Rose. In the Climbing Peace all of the features of the original bush are maintained—the only difference being growing habits of the plant. Climbing Peace, a new introduction, should, and we think will, be the most popular of any climber yet introduced. It is a fast grower and, of course, it is everblooming. Plant the world's most beautiful Climbing Rose on your fence or trellis. Plant Pat. No. 932.

PRICES:

No. 1 Jumbo Bushes — \$2.50

Superb Selected — \$3.45

CLIMBING PEACE  
(Plant Pat. No. 932)

# LOVELY *Paul's Scarlet*

This popular Rose is the most admired of all climbers. It is a blaze of glory in the spring and the beautifully shaped scarlet blossoms literally cover the strong, graceful branches. In full bloom, it stops everyone who is passing by. Every flower lover should find a place for this Queen of Climbers. Paul's Scarlet is labelled with a BLUE stripe over a RED.

PRICES: No. 1 Jumbo Bushes — \$1.10 No. 1 Large Bushes — \$.80

## THE PAUL'S SCARLET SPECIAL

Many good customers have asked us to run a special on our popular Paul's Scarlet Climber. Here it is—and these West Texas Grown Jumbo Bushes are the hardiest, healthiest, most vigorous plants that you ever laid eyes on.

**10 No. 1 Paul's Scarlet \$6.95**

All plants that we sell are guaranteed.

### CLIMBING TALISMAN

A "SPORT" of the beautiful bush Talisman, but a much heavier blossoming Rose. The two-toned, exquisite, long buds appear all over the gracefully erect stems early and continue all through the blooming season. Talisman is labelled BLUE over ORANGE.

PRICES:

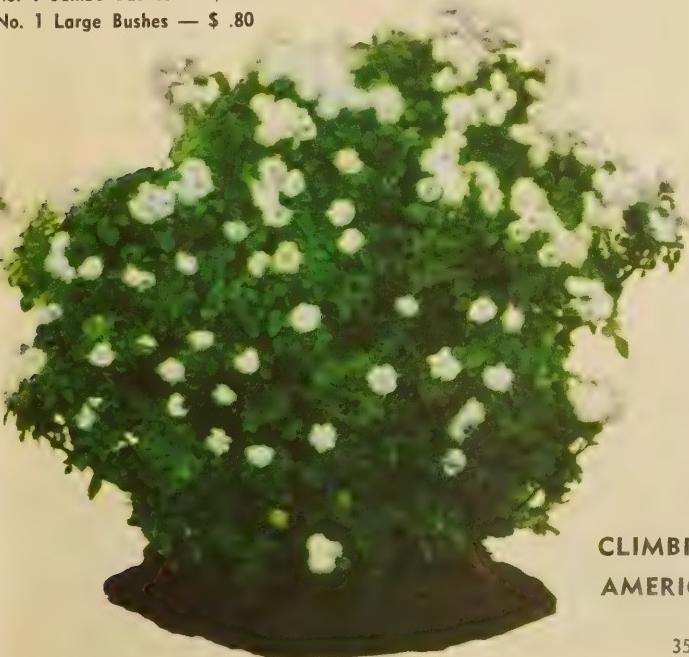

No. 1 Jumbo Bushes — \$1.10 No. 1 Large Bushes — \$.80

### CLIMBING AMERICAN BEAUTY

If you have never seen this unusual white climbing beauty, you have missed a dazzling sight. The profusion of snow-white blooms standing out beyond the dark, glossy green foliage is a tribute to the Rose Industry. Picture a Paul's Scarlet and American Beauty planted by the same trellis with the appearance that one climber is producing both white and red blooms. Gorgeous! American Beauty is labelled BLUE over WHITE.

PRICES:

No. 1 Jumbo Bushes — \$1.10

**NEARLY WILD**

**NEARLY WILD**

People who visited our rose fields this last summer never ceased to be amazed at Nearly Wild. It is without question the heaviest blooming rose that we have ever grown. From early spring until late frost, these 12 to 18 inch, compact bushes are a complete mass of colorful pink-centered blooms tapering off to a light cream at the tip of the petal. A border for sidewalk, driveway, or property line is the proper place for Nearly Wild. (Patented)

PRICE: No. 1 Jumbo Bushes — \$1.50

**TOP ALL AMERICAN**

*Fashion*

*The Glorious*

## FLORIBUNDAS

*Fashion*

All America Award Winner for 1950, Fashion blooms are bright coral-peach, a most amazing color because it is so brilliant and, at the same time, so soft and lovely. There is no other Rose color like it. Add to this the exquisite form of both the bud and open flower, and you will see why this rose is being hailed with such enthusiasm. It has won the National Rose Society's Gold Medal in England and the famous Bagatelle Gold Medal in France. Scores and comments of the All-America judges gave it high praise, also. The open blooms are about 3 inches across, or larger. Buds open slowly to a wide-open flower with gracefully waved petals and a rich display of golden yellow stamens. Pleasing old-Rose fragrance. Plants are good and vigorous, bushy, with neat, small, glossy foliage. It reaches a height of 2½ to 3 feet, with few thorns. We consider it a gem, as it brings a brand-new, enchanting color to Floribunda Roses. Plant Pat. No. 789.

PRICE: No. 1 Jumbo Bushes — \$2.00

## THE PINOCCHIO SPECIAL

Two members of the lovely Pinocchio family combined to give beauty for border planting. Two of our regular Pinocchio Family plus one bright Red Pinocchio.

**ALL 3 ONLY \$4.35**

## PINOCCHIO

Throughout the season it is literally covered with immense clusters of perfect little roses in the brightest, cheeriest, and daintiest shades of salmon flushed with gold that you can imagine. Each little bud in the cluster is a perfect garden rose in miniature and possesses a delightful fruity fragrance. The plant grows 24 to 30 inches tall, and requires no special care for splendid results. Plant Pat. No. 484.

PRICE: No. 1 Jumbo Bushes — \$1.50

# The Floribundas EVERBLOOMING-EVER-EXCITING

All Plants  
Prepaid  
to Your Door

**IDEAL**

This red sweetheart rose is perfection in miniature. Its thimble size, ruby red buds and blooms literally cover the dwarf bush, making it a perfect window box or border plant.

**PRICE:**

No. 1 Jumbo Bushes — \$1.50

**PINKIE**

Pinkie has more charm, dainty beauty and artistic appeal than any rose that we grow. It is a new and entirely different Floribunda type. The bushy little plants, 15 to 20 inches high, carry throughout the entire blooming season—Spring, Summer, and Fall—a great profusion of little slender pink buds with a perfection of form never seen in Floribundas before. Pinkie is perfectly adapted as a low hedge or border plant because it stays low and compact. (Patented)

**PRICE:**

No. 1 Jumbo Bushes — \$1.75

**RED PINOCCHIO**

The loveliest, eye-catching border plant of them all. Red Pinocchio is a deep crimson red that does not fade. It flowers in immense clusters and blooms from early spring to hard frost. To us, it is the reigning star of the Pinocchio family. Proudly we present for your year-round pleasure—Red Pinocchio.

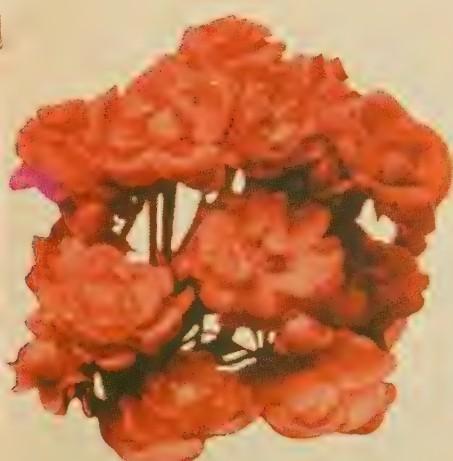

**PRICE:** No. 1 Jumbo Bushes — \$1.75

**GOLDILOCKS**

This is something different—a true Floribunda in a rich shade of golden yellow. The low compact 18-inch bush is continuously bursting with golden masses of perfect little buds and many-petaled, long lasting flowers. The aging flowers hold their color and the delightful abundance of bloom is a breathtaking sight in a garden. Plant Pat. No. 672.

**PRICE:**

No. 1 Jumbo Bushes — \$1.50

# Climbing PINKIE

We know you will be delighted with it, just as we are, because the bushy yet compact 6 to 8 foot plant with its unbelievable masses of bloom is just right for many places where an ordinary climber would be too large. The glossy light green foliage is heavy and luxuriant, but in the spring you'll have to look hard to see it under the cloud of bloom. Just take a look at the picture and you'll see what we mean. Every perfect little delicate pink bud and flower is spicily fragrant — just the same as those which won an All-America Award for Pinkie in 1948. We've saved the best for last—in addition to all these features, this is a climber which doesn't stop with the first burst of bloom but keeps right on with cluster after cluster of dainty blooms throughout the season. You'll never want for flowers in the garden or for cutting. Plant Pat. applied for.

#### PRICE

No. 1 Jumbo Bushes

**STATE FAIR COLLECTION**

A super-special, everblooming collection selected for you by Mrs. Ross Wolfe. The "State Fair" is made up of five No. 1 grade, Western-Grown Jumbo Roses. One each of Red, Yellow, Pink, Two-tone, and White. All are two-year, field grown. All are guaranteed to live, grow, and bloom.

**ALL 5 ROSES ONLY \$3.50**

# Etoile de Hollande

The finest of all the standard dark red roses. Its blooms of rich red are heavily textured and long-lasting. Its fragrance delightful. Many gardeners who write us proclaim Etoile de Hollande as the superior red garden rose. We like it. Labelled RED over GREEN.

*All Plants Prepaid  
to Your Door*

**TALISMAN** This vividly colored Rose is probably better known as a florist's cut flower than any other. Exquisitely formed, orange-scarlet and golden yellow buds are borne on long stiff stems and are richly fragrant. Labelled ORANGE over WHITE.

**EDITOR McFARLAND** Even, glowing pink describes the bloom, which is free and abundant on a strong-growing bush. One of the most popular and dependable pinks and a great cut flower, it has enjoyed a long and merited popularity. Labelled PINK over BLUE.

**GOLDEN CHARM** An outstanding yellow with jaunty, tightly furled buds and graceful, high-centered open flowers. A rich yellow color with a delightful old-time rose fragrance. Labelled YELLOW over WHITE.

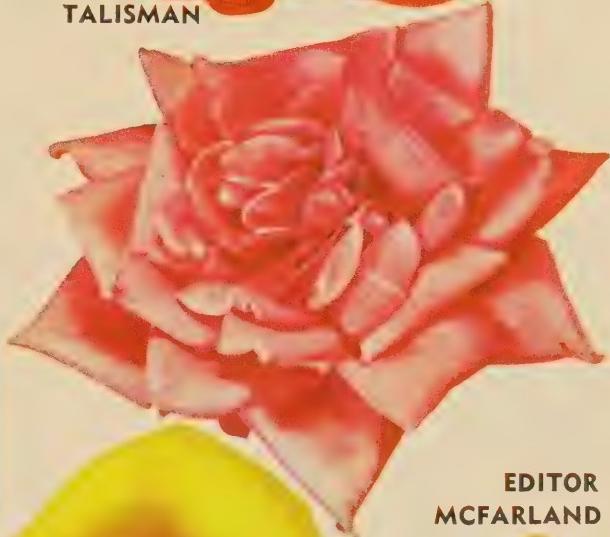

**SNOW WHITE (KAV)** One of the best and most beautiful of all white roses. Attractive double bloom with a background of rich green foliage—everblooming, from spring until frost. Labelled WHITE over RED.

# Wolfe's RED RADIANCE

Acclaimed by many as the best all-around rose of them all. Surely Red Radiance is a superior rose and one of the hardiest of all rose varieties. Because of its year-in, year-out dependability, Red Radiance is one of the most widely planted of all everblooming roses. Labelled with one RED stripe.

RED  
RADIANCE

EDITH NELLIE  
PERKINS

COLUMBIA

SOEUR THERESE

## EDITH N. PERKINS

Coppery outside and delicate salmon-pink inside of petals, with heavily overspread tints of gold in high-centered, perfect buds, make this a favorite two-toned pink. For fragrance, abundance of bloom, and all-round desirability, it cannot be surpassed. Strong and attractive plants of this Rose should be included in your order. Labelled ORANGE over RED.

## COLUMBIA

A dainty pink everblooming rose. The plant is vigorous and the blooms are many petalled. Columbia, like all of the roses that we sell, is a guaranteed, West Texas Grown, Jumbo Rose—the finest roses sold. Labelled PINK over RED.

## SOEUR THERESE

A non-fading, bright yellow that makes such lovely buds, ideal for vase or buttonhole. We've grown Soeur Therese many years and its dependable performance makes it outstanding among yellow roses. Labelled YELLOW over RED.

ALL PLANTS PREPAID

AMI  
QUINARD

**AMI QUINARD** A deep, velvet red Rose—the darkest colored red that we grow. An everblooming variety that blooms from spring until frost. Labelled RED over RED.

**GOLDEN RAPTURE** The sheer perfection of form and the brilliancy of color make this Rose one of the very best in its color class. Morning after morning you can cut some of the most lovely long-pointed buds of bright yellow that you have ever seen before—rich shining yellow. The shiny-foliaged plant grows to medium height and produces quantities of perfectly formed buds and flowers with a mild old-rose fragrance. Labelled YELLOW over BLUE.

**PRESIDENT HOOVER** An everblooming two-tone rose, combining soft pink and yellow for a pleasing effect. Two-tone roses are a must in any well-balanced Rose Garden. Labelled ORANGE over BLUE.

**CALEDONIA** A soft, lovely white that has been the Rose Gardeners' favorite for many years. Long buds open to a fully double many-petaled bloom that is a compliment to your rose garden. Labelled WHITE.

**POINSETTIA** As brilliantly red as the Christmas flower for which it was named, with long stems supporting the sparkling buds on extra-good bushes. Here is a red Rose that has just about everything it should have and which can stand comparison with the best of all. Labelled RED over WHITE.

All Plants  
Prepaid  
to Your Door

Three outstanding Garden Lilies selected to give you the utmost beauty in contrast and bloom. Each variety has been time-tested by Wolfe Nursery and is guaranteed satisfactory. Our Garden Lily Collection, like all nursery plants that we sell, is offered with the customer in mind. Added beauty to your landscape, vigorous, fast-growing plants, disease-free stock are the standards that must be met in all plants that we sell.

PRICE: 3 No. 1 Large — ONLY \$1.75

DWARF CANNA

*Mrs. Ross Wolfe's*

## GIANT DAHLIAS

Dahlias are so lovely and popular that Mrs. Wolfe has made it her hobby to grow all varieties, selecting for this offer only the most outstanding of them all. The colors of our new selections this year are exciting—and each variety is selected for size and vigorous growth. Each variety will produce giant-size blossoms in abundance. Mrs. Wolfe's Giant Dahlia Offer includes one each of Lavender Blue—Deep Rich Yellow—Cyclamen Pink—Carmine Red—and pure Snow White. One of our very finest collections of which we are justly proud.

PRICE: ALL 5 GIANT DAHLIAS — \$2.50

## HARDY CARNATION COLLECTION

Hardy Carnations are becoming popular because they are not only lovely in the garden but are fine for cutting. The flowers are very fragrant and come on long stems. Grow 18 to 20 inches tall and bloom all summer. We offer a collection of 3 colors that will bloom this year.

All 3 Carnations — \$1.20

## PRIZE BULB COLLECTION

A combination offer including 12 Prize Gladiolas and Mrs. Wolfe's Giant Dahlia Collection. There's a real saving for you in our Prize Bulb Collection.

ALL 17 NOW ONLY \$3.35

## COLUMBINE COLLECTION

Columbine brings to your garden or a bouquet, a "fairy" touch that no other flower can give. The colors are so rich, so clear, so exquisitely lovely and they blend perfectly. The flowers are much larger than pictured, up to 3 inches across, with spurs 4 to 5 inches long. Come up year after year, grow 2 to 3 feet tall and bloom so generously in the spring. Thrive in ordinary soil and prefer partial shade, especially from afternoon sun. Our plants will bloom this season.

4 GIANT COLUMBINES — \$1.25

## WOLFE'S DAHLIA-LILY SPECIAL

A mixed collection that includes our 5 Dahlias and 3 Hardy Garden Lilies. All eight selected bulbs.

ONLY \$3.95

## CALADIUMS

A super-special collection of Fancy-Leaf Caladiums. Particularly suited to shady places or pots, but may be grown successfully almost anywhere. Leaves are variegated with an astonishing assortment of patterns and colors.

PRICE:

6 Select Fancy Leaf Caladiums — Only \$1.65

## AMARYLLIS

Our Giant Hybrid Amaryllis Collection means an exciting addition to any landscape. There are many giant blooms on each stem and their color and texture are unsurpassed.

PRICE:

3 Giant Hybrid Amaryllis — \$1.60

# MIMOSA THE MAGNIFICENT

## Flowering SHADE TREE

This unusual and most beautiful of all flowering shade trees is in such great demand that we have never been able to supply enough trees. The young, spreading tree pictured at the top of this page gives you some idea of what a colorful shade tree it makes. Actually, no picture can capture the amazing beauty of a Mimosa. It has an umbrella-like top with light green foliage that folds up at night. Fragrant, fluffy tufts of pink blossoms literally cover the arching limbs in the summer. It is extremely hardy and is adapted to all sections. Labelled RED over GREEN

### PRICES:

2 to 3 ft. Trees — \$1.00
3 to 5 ft. Trees — \$1.50
5 to 7 ft. Trees — \$2.50

### The Flowering Mimosa Special

Mimosa is such a lovely ornamental tree that many customers want the advantage in savings when they buy three trees. Here's 3, one-year trees for the yard.

**ALL 3 ONLY \$2.75**

## RED BUD

All Plants Prepaid  
to Your Door

Spring's early beauty. It blooms in March and April with a mass of showy dark pink blossoms covering the limbs. Use for a background or to decorate the outdoor living room in the spring. Soon makes a green shade for summer. Don't wait. Labelled RED.

### PRICES:

2 to 3 ft. Trees — \$.85	3 to 5 ft. Trees — \$1.35	5 to 7 ft. Trees — \$2.35
--------------------------	---------------------------	---------------------------

## FLOWERING HOPA CRAB

The most popular Flowering Crab. Beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring, it is completely covered with the fragrant, bright pink flowers. From midsummer to frosts, the clusters of small, red fruit gleam brightly along the branches. It makes fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil. Labelled RED over ORANGE.

PRICES: Small Trees — \$1.60 Large Trees — \$2.10

## PURPLE MAGNOLIA SOULANGEANA

The most popular hardy Magnolia and many think the most beautiful of all flowering trees. One of the first trees to bloom in the spring, the delightfully fragrant flowers appear before the leaves. The blossoms are large, often 8 inches across, pink on the outside and white on the inside. The foliage is an attractive shiny green. The tree seldom grows more than 10 feet tall and starts blooming when 3 feet tall.

PRICE: 18 to 24 inch size — \$1.95

**Red Bud  
SPECIAL**

### RED BUD SPECIAL

Our pure strain Red Bud is included in a special this season. Offer includes 3 one-year Red Buds at a saving.

**ALL 3 ONLY \$2.25**

Fast Growing

# CHINESE ELM

TRIMMED - STAKED  
AND SHAPED ESPECIALLY FOR YARD TREES

Most popular fast growing upright shade tree. It grows into a huge, graceful green tree before you know it. Shading a west bedroom, I have one of those lovely Elms that is 35 feet tall, and has a spread of 40 feet. It must have a diameter of 2 feet at the age of 14 years. Dress up your home and lawn with stately shade. Plant shade trees for a background to your home—never in front, unless your home faces west. Chinese Elm is labelled RED over WHITE.

## PRICES

2 to 3 ft. Trees — \$ .95	3 to 5 ft. Trees — \$1.50
5 to 7 ft. Trees — \$2.50	

## Wolfe's CHINESE ELM SPECIAL

**3** Fast growing, one-year Chinese Elms for the thrifty, yet wise buying home owner. Three vigorous trees for quick shade.

ALL 3 ONLY \$2.55

**SYCAMORE** Peeling bark, which comes off in large pieces, leaving a smooth, cream-colored trunk. The globular fruits hang on all winter. A large tree, tall and impressive, widely used for street planting. Labelled RED over YELLOW.

PRICES: 2 to 3 ft. Trees — \$.75; 3 to 5 ft. Trees — \$1.25; 5 to 7 ft. Trees — \$2.25

**WEEPING WILLOW** One of America's most beautiful shade trees. Our true Willow lends a friendly atmosphere to the home and its long, light green limbs reach down to sweep the lawn. A gorgeous shade tree that invites you to a cool, restful spot during the hot summer evenings. A bank of Weeping Willows makes a lovely background for outdoor living rooms. Plant by rock garden, fish pond—wherever a graceful shade is needed. Labelled with a RED stripe of paint above a BLUE stripe.

PRICES: 2 to 3 ft. Trees — \$.75; 3 to 5 ft. Trees — \$1.25; 5 to 7 ft. Trees — \$2.25

**LOMBARDY POPLAR** One of the most stately and beautiful of all shade trees. The tree grows tall and carries large, deep green leaves. Many letters from you customers prompted us to again offer Lombardy Poplar. Labelled RED over RED.

PRICES: 2 to 3 ft. Trees — \$.95; 3 to 5 ft. Trees — \$1.50; 5 to 7 ft. Trees — \$2.50

SYCAMORE

WEEPING WILLOW

LOMBARDY POPLAR

## PECAN CULTURE

**Pecan and Walnuts:** It is much better to have the holes dug before the trees arrive from the nursery. Regardless of whether the holes have been prepared or have to be dug, keep the root system covered with moist material until the trees are planted. Wolfe's Pecan Trees, machine-dug and whole rooted, will require a hole at least 40 inches deep and 30 to 36 inches in diameter. WOLFE has gone to a great expense to secure a Pecan root system that will LIVE. The tap root has been cut approximately 38 inches below the ground and all of the lateral roots above the cut have been preserved. Dig the holes large enough to receive the roots without bending and deep enough to set the trees 2 inches deeper than they stood in the nursery row. This depth can be determined by closely examining the bark. The bark that was below the ground will look dark; that which was above the ground will be a grayish color. The off-set on the trunk and the paint mark used for labelling should not be mistaken for the ground level. When you plant your Pecan or Walnut trees fill the space around the roots with only fertile top soil. DO

NOT PUT FRESH MANURE OR COMMERCIAL FERTILIZER IN THE HOLE. Pack the soil around the roots to eliminate air spaces. Pour water in the hole as long as the ground will absorb it completely. When the soil is filled with water, do not water any more until the trees need moisture during the dry months. When trees are watered continuously, the soil becomes mushy and oxygen is driven from around the roots. Such condition results in the trees failing to produce foliage in the spring, even though the bark remains green. If the roots cannot get oxygen, the trees will eventually die. After the trees have been set in a permanent location, wrap the trunk loosely with burlap or heavy paper. The height of the wrapping material will depend on the size of the tree, but it should extend to and not above the first branch. The wrapping material will prevent borers from getting into the trunk and will also protect the trunk against sun scald. When the trees have developed enough top to shade the trunks during the hottest part of the day, the material may be removed.

## WOLFE NURSERY *Pecans* in old **MEXICO**

Wolfe Nursery's paper-shell pecans have proven immensely successful in neighboring Old Mexico. Shown, left, is Senor Ramon Uriegas, Wolfe Nursery's esteemed representative in Mexico, admiring a two-year-old Pecan Tree near Monterrey. Senor Uriegas is shown, inset, observing a cluster of paper-shell pecans on a two-year-old tree. With Senor Uriegas is his son, Arturo, who studied fruit and nut varieties here at Wolfe Nursery.

The paper-shell variety shown here is Western Schley. Dr. Guy W. Adriance, Head of the Department of Horticulture, Texas A. and M. College, after looking at Wolfe Nursery trees growing in Old Mexico, recommends the planting of Western Schley and Mahan varieties. Wolfe Nursery is diligently searching out new and better varieties of fruit and nut trees, as well as landscape plants adapted to Old Mexico. All people in Old Mexico interested in information concerning Wolfe Nursery varieties, please contact Senor Ramon Uriegas, D. de Montemayor, 224 Sur., Monterrey, N. L., Mexico.

# WOLFE NURSERY

## Built on Customer Confidence

These unsolicited letters reflect, better than our words can describe, the success our customers have experienced with Wolfe Nursery plants. Truly, our greatest asset is a satisfied customer. We are constantly searching for better varieties to offer you — constantly working to improve our service — and you may always be assured of honesty, dependability, and superior quality when you order from the friendly Wolfe Nursery.

### All Plants Prepaid to Your Door

Wolfe Nursery  
Stephenville, Texas

Dear Mr. Wolfe:

I have thought I would write you several times, especially when our peaches or other fruit was ripe. We surely have a wonderful orchard. We have 200 peach trees - Hale, Elberta, Texaberta, and Frank. We have three rows of Texaberta and when they are ripe, their giant peaches are the loveliest I have ever seen. People from near and far say that they are the finest of all peaches. They never ship my peaches into Clinton, Oklahoma, as good as your Texabertas. We have two acres of apples, and they are the largest we have seen. We sell a lot of apples and never a worm do we have. We also have pears, and apricots and have had wonderful luck with them. I wish that we could have taken pictures of our orchard to show to you but in fruit time, we are the busiest people in the country.

Wolfe Nursery  
Stephenville, Texas

Dear Hugh:

I am forwarding some mail to you that has come to me regarding the nursery. You see, many people consider me a part of your organization. It is a constant source of amazement to me that you can satisfy so many customers so well. Since going on the air for Wolfe Nursery nearly four years ago, I have had no serious complaints.

I want to congratulate you on your fine new plant and the completion of another banner season. The Wolfe Nursery is a real asset to Texas.

Wolfe Nursery  
Stephenville, Texas

Dear Mr. Wolfe:

I am writing you about the roses purchased from you in 1951. I have an arched trellis over the front door with two High Noon Climbers, which have now reached a 10 ft. growth and are in bloom now. It is a very pretty and satisfactory rose.

However, the prize rose is the "Fashion." I don't believe you have one in your nursery that can beat this one. It has clusters of 6 or 8 roses, which would fill an 8" circle. The bush is about 3 ft. in diameter and I estimate it will yield over 100 roses. Our roses and shrubbery is 100% Wolfe.

Ernest C. Glaser  
411 Mill Street  
Granbury, Texas

## ROSA MULTIFLORA

### *The Miracle Living Fence*

The very best, most colorful, all-purpose hedge grown. It makes a dense, thorny barrier that stops traffic across your yard or garden. And just as it keeps livestock in a field, it keeps your pre-school youngsters from wandering out of the yard. In the spring, even if trimmed, it bears clusters of small, white, wild roses, and, in the fall, the berries turn a pretty bright red. If you let it grow, it will get tall enough to make a good screen. Ideal on terraces because it stops washing. Does not sucker or spread so does not interfere with nearby plants or garden, and you'll find it easy to run a lawn mower under its arching branches. Grows 2 ft. to 6 ft. high, depending upon how you trim it. We do not offer the small conservation grade as we believe the loss in planting is too great for that size plants. And our Super Grade will make you a hedge in a hurry.

# Hedges

## JAPANESE LIGUSTRUM

The very best for an evergreen hedge. The big, dark green, showy leaves and compact growth make it easy to trim and shape. Makes a fine informal hedge when not trimmed. Fast growing variety.

PRICES:

10 Plants — \$2.95      20 Plants — \$5.10  
50 Plants — \$12.00

All Plants Prepaid to Your Door

## BRIDAL WREATH HEDGING

Without a doubt, one of the most useful and widely used shrubs in the United States. Blooms in April and May, throwing out long branches that curve and droop to the ground and covered with a mass of pure white flowers that suggest a fountain of snow. May be used singly, massed, or as an informal hedge.

PRICES:

10 Plants — \$4.95      25 Plants — \$9.50  
50 Plants — \$17.50

## AMOOR RIVER PRIVET HEDGING

If you do not know what hedge to plant, we recommend this very highly. It is by far the most popular hardy trimmed hedge. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard, especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times it becomes more dense and bushy. Leaves are rich, dark green, and hang on until very late fall. Plant 1 foot apart.

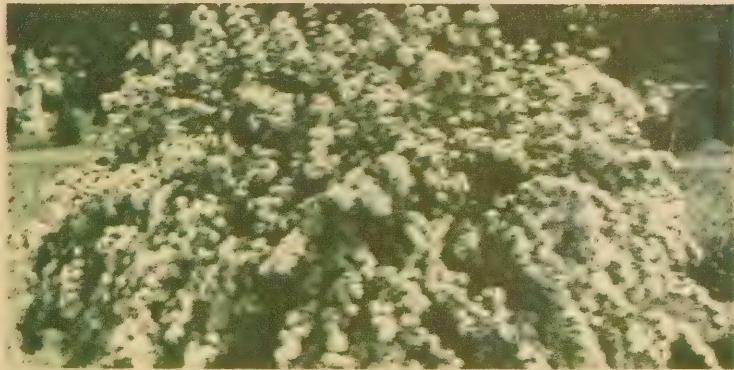

PRICES:

2 to 3 ft. size — 10 Plants — \$1.65; 20 Plants — \$2.95; 50 Plants — \$6.00

JAPANESE LIGUSTRUM

## BRIDAL WREATH

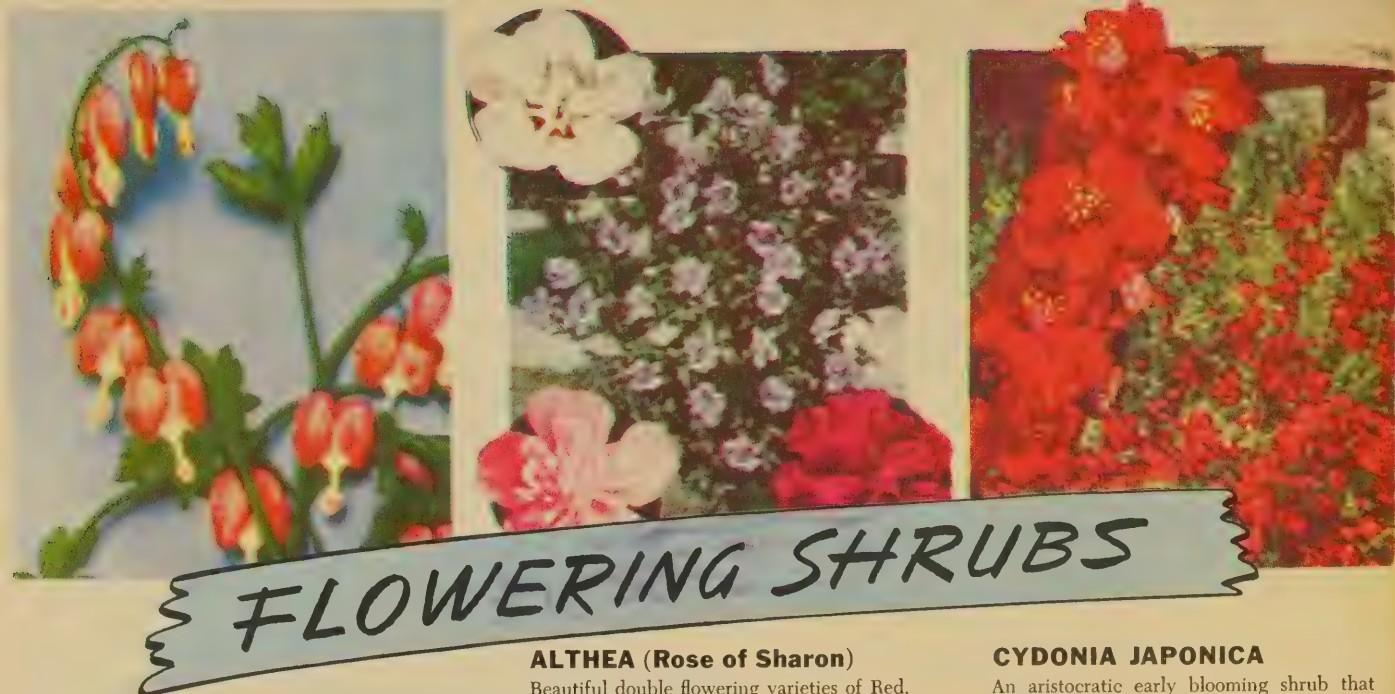

## AMOOR RIVER PRIVET

25 Plants for \$4.95

## FLOWERING SHRUBS

### BLEEDING HEART

A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year.

**PRICE:** Selected Tubers — \$1.00 each

### CRAPE MYRTLE OFFER

3 lovely Watermelon red Crape Myrtle at a big saving. All 3 heavy one-year plants.

**ONLY \$2.25**

### CRAPE MYRTLE

Our most popular flowering shrub, and certainly one of the best loved and admired flowering shrubs of all time. Our Red Crape Myrtle is a watermelon-red color, the finest strain of red that we have ever grown. Our Pink Crape Myrtle has deeper color than most ordinary strains. It is a lovely Rose-Pink with huge clusters of blossoms.

#### PRICES:

RED . . . . . 2 to 3 ft. Size — 80c

PINK . . . . . 2 to 3 ft. Size — 80c

### ALTHEA (Rose of Sharon)

Beautiful double flowering varieties of Red, Purple, Pink, and White that shower blooms from the middle of July to frost. Big, bright green leaves. These hardy, fast growing Altheas make one of the showiest of mid-summer flowering shrubs.

No. 16-2 Red Price: 2 to 3 ft., 75¢

No. 16-3 White Price: 2 to 3 ft., 75¢

No. 16-4 Pink Price: 2 to 3 ft., 75¢

No. 16-5 Purple Price: 2 to 3 ft., 75¢

### CYDONIA JAPONICA

An aristocratic early blooming shrub that puts on showers of lovely salmon-red flowers in February or March, before the dark green leaves appear. This mass of red blossoms remains for 3 or 4 weeks. An extremely hardy shrub that is used in front of evergreen foundation plantings with striking results. A border of Cydonia is a breathtaking sight.

**PRICE:** 1 to 2 ft. size, 95¢ each

### ALTHEA FLAG COLORS COLLECTION

3 A collection of three lovely Altheas—Red—White—and Blue. Ideal and attractive for a lot corner, or house corner planting.

**ALL 3 ONLY \$1.95**

### MOCK ORANGE

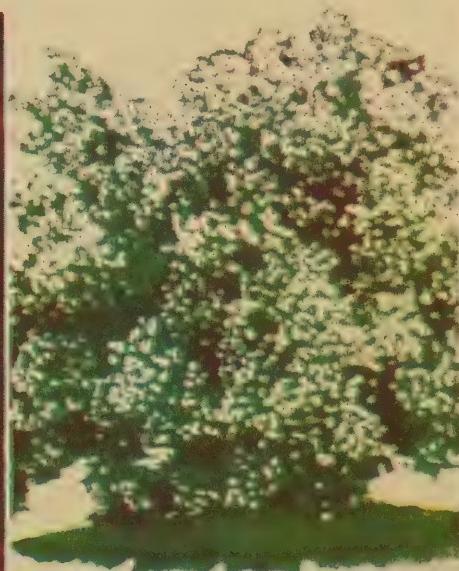

This beautiful flowering shrub blooms heaviest in May and June but Orange blossoms can be seen almost any day during the summer. It is Mother Nature's perfume of the garden.

**PRICE:** 2 to 3 ft. size — 95¢

### PURPLE WISTERIA

A magnificent climber that becomes more beautiful each year. Can be trained to make a tree. Plant on trellis, fence, old trees or as special specimens. Will bloom first year.

**PRICE:** 1 year size — 90¢ each

# Snowball

## SELECTED SUPERIOR QUALITY PLANTS

There are few June-flowering shrubs which can match the rare beauty of the pure white flowers arranged in perfectly round "snowballs," 3 to 4 inches across. It's a stately, erect grower, dressed in beautiful rich green foliage. Makes a handsome 6 to 8 ft. specimen.

PRICE: Selected 1 to 2 ft. Plants — \$1.25 each

New as can be for '53

# Wolfe's BURNING BUSH

(Euonymous Altus Compactus)

One of the most beautiful—and colorful of all shrubs—and—it becomes a different color with each season. There are bright yellow flowers in May and June—then—red berries for late summer and fall. The foliage is an attractive dark green throughout the summer changing to a brilliant crimson tinged rose in the fall. An unusual cork-like bark adds charm and contrast all through the winter months. Wolfe Nursery's Burning Bush thrives in all sections. The plant is compact and bushy which makes it ideal either as a foundation plant or as an individual specimen.

Burning Bush is an outstanding addition to our select flowering shrubs—attracting attention during spring—summer—and fall. A contrast plant that you will be proud to grow in your yard.

PRICE: 1 yr. Plants — \$2.95

## THE BURNING BUSH SPECIAL!

**3** colorful Burning Bush shrubs for lovely contrast in your yard. Use in your foundation planting or as individual specimens for best effect.

**ALL 3 ONLY \$6.95**

## OLD FASHION PURPLE LILAC

The beautiful old purple Lilac that you and I have known since we were kids. I have the original pure strain that grows tall and is covered with huge blossoms that only Mother Nature can provide. Fragrant and is often used as an informal hedge or as a flowering shrub under high windows.

PRICE: 1 to 2 ft. size — 90¢

# BUDDLEIAS

*Summer Lilacs*

Four new Buddleias, each the finest of its color, and all blooming profusely and continuously from early summer to frost. No other shrub can compare with them for freedom of bloom. They make a compact bush, 4 feet or so tall. The roots are hardy, the tops die down in winter, then come up again even more vigorously next spring. The lovely fragrant flowers are beautiful in the garden and fine for cutting.

**4 SELECT BUDDLEIAS**

**ONLY \$3.25**

*Buddleias  
Bloom From  
Early Summer  
To Late Frost*

## GOLDFLAME HONEYSUCKLE

Our new sensational Goldflame Honeysuckle is everblooming and unusually heavy blooming. Its blooms are bright red with rich golden yellow. For growing either in sun or shade—for unusual eye-catching beauty all summer, plant Goldflame, outstanding among all honeysuckle.

PRICE: 1 to 2 ft., 95¢ each

# Cushion MUM

*A Solid Mass of Blooms*

**For Border or Specimen Planting**

Grow about 2 feet tall and 2 feet wide. A RIOT of colors and entrancing beauty in the fall. The most show for your money! Thousands of lovely, colorful Mums to brighten your home from early fall until frost. Decorate vacant spots, borders, or a special garden with all five colors and have bushels of gorgeous blossoms the first year. They make a lovely deep green globe during the summer and all the blossoms seem to pop out overnight. Cushion Mums will be shipped separately from the rest of your order — usually around the latter part of April and first part of May. When your Mums arrive, plant them right away. **IMPORTANT:** Cut all the top off about 2 inches above the ground. This causes the plant to spread and make better growth. Soak the ground when planting and keep moist and shady for several days.

# Colorful EVERGREEN PYRACANTHA Crimson Tide

WOLFE NURSERY'S AMAZING NEW PYRACANTHA

Our new hardy Pyracantha that is a sensational beauty. It is lower-growing than most Pyracanthas, and it produces more and larger bright red berries than any other variety. Its leaves are broad and dark green. Its blooms, a bright, bell-like white. Its berries, in cluster, are outstanding all during the winter. Perfect for specimen planting or informal hedge.

PRICE: 1 to 2 ft. Plants — \$1.50 each

All Plants Prepaid to Your Door

WOLFE'S WONDER PYRACANTHA

*The Extremely Hardy*

Pyracantha

# "GOLD NUGGET"

Wolfe Nursery's wonder Pyracantha, *Gold Nugget* is the gem of all Pyracantha. Its masses of berries are each rich golden in color against deep green foliage. Before its berries come on in late summer and fall, it puts on a magnificent display of bell-like, snow white blossoms. Most important, it is hardy for all sections. Grow *Gold Nuggets* in your yard this year!

PRICE: 1 to 2 ft. Plants — \$1.35 each  
Root wrapped only

VISIT OUR RETAIL STORE

Here in Stephenville, nestled in the center of a vast 1,000 acre nursery, you find the nation's colorful, most complete and beautiful nursery store. Open 7 days a week from October through April, we extend to you, your family, and friends a cordial invitation to come to Stephenville to purchase the plants for your landscape or home orchard. First, of course, you save money when you buy directly from the grower. Then, naturally, the plants you buy from Wolfe Nursery are freshly dug directly from our fields. That is why we can guarantee every plant we sell—we grow plants with care and deliver to you directly from our fields.

Come to Wolfe Nursery in Stephenville and save. We will be looking for you.

# SMOKE TREE

## A NEW AND BEAUTIFUL ORNAMENTAL TREE FOR YOUR LANDSCAPE

The Purple Fringed Smoke Tree is an amazing new tree among ornamentals. It grows about 12 ft. tall—and just about that broad. The Smoke Tree has a covering of bloom in purple-grey billows through midsummer. Rich shiny green foliage takes on beautiful colors in the fall. A unique and unusual specimen for you and your family to enjoy.

PRICE:

Medium Trees — \$1.95

## *Clematis Jackmani*

### *The most colorful of all Climbing Vines*

Clematis Jackmani is known as the Queen of all climbing vines. On a porch, pergola, trellis, or fence, it is a gorgeous sight with lovely flowers all summer. Its purple blooms are 4 to 6 inches across and its blooms are abundant.

PRICE:

1 Yr. Plants — \$1.60

## Baby's Breath

A remarkable plant, noted for its feathery panicles of small, starry, white flowers borne in profusion on threadlike stalks during the summer. It is a highly prized cut flower. Baby's Breath is a new addition to our catalog—added because of its hardiness, loveliness, and charm. Order today for early delivery.

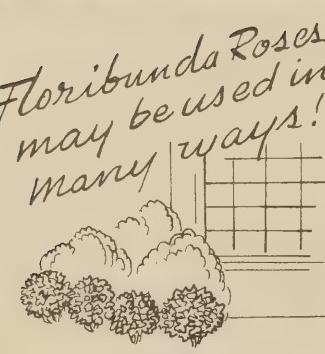

PRICE: 1 Yr. Plants — \$1.25

# LANDSCAPING SERVICE

FOR HOME OWNERS WHO DESIRE TO  
CREATE NEW AND ADDITIONAL  
BEAUTY ON THEIR HOME GROUNDS

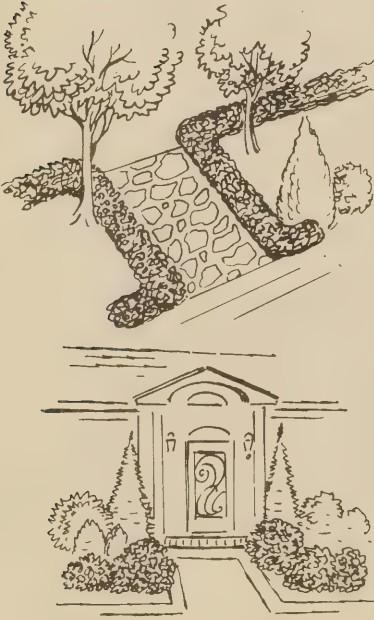

Perhaps the first and most important step in preparing for landscaping is the working out of a carefully balanced, detailed planting plan to exactly fit your individual grounds—using the proper choice of hardy materials, placed to best advantage. Such a plan, the ultimate development of which will create the picture you wish to attain, will usually prevent many planting disappointments and a needless expenditure of cash. For years, we have specialized in this service which is FREE to our customers. You, too, are welcome to avail yourself of this opportunity. Simply follow the directions below:

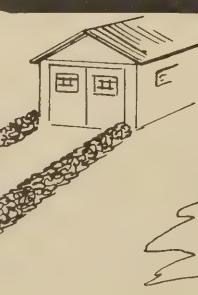

If it is possible, come to our nursery with pictures of your home, along with its blueprint or a rough sketch you might make. Doors, windows, walks, etc., are important. You should have their location, width, and height correct. Should you not be able to visit our nursery, simply send the information to us—address your correspondence to—Landscape Architect, Wolfe Nursery, Stephenville, Texas. To avoid delay, send your plans in early.

*All Plants Prepaid to Your Door*

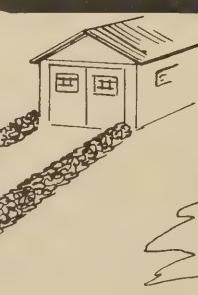

## PLANTING AND CARE OF FRUIT TREES

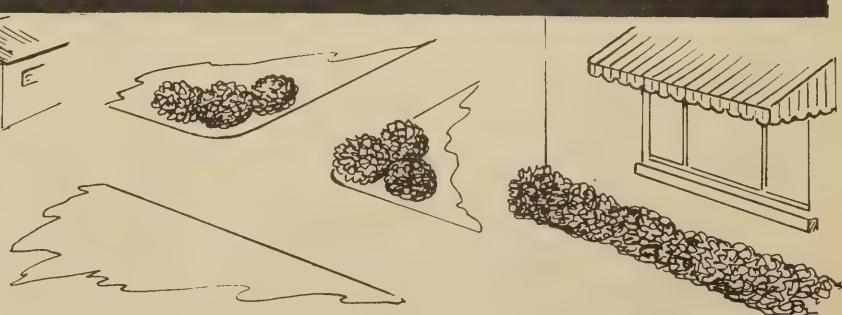

All plants should be unpacked immediately upon receipt from our nursery. Check carefully to see that the varieties and sizes you ordered were shipped, or that proper substitutions were made provided we were authorized to make them. Be sure to keep the original copy of your order blank which serves as a packing slip and was returned with your order. We will need it in case of adjustment.

You should make a special effort to do the planting when the nursery stock is received. If conditions are unfavorable for planting, heel the plants in the ground in a well-drained location. Dig a trench that is deep and wide enough to hold the roots. Remove the plants from the package, cut all strings, and place their root system in the trench. To prevent the roots from drying out, work the soil thoroughly in and around the roots. Regardless of whether the soil is wet or dry, pour sufficient water in the trench to pack the soil closer to the roots. This will drive out air pockets, keep the roots moist, and in a good living condition.

the many uses  
for Floribunda  
Roses

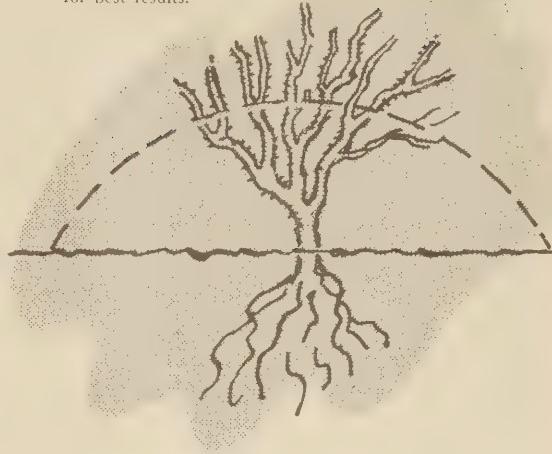

# Planting Instructions

We take great care to send you only the finest nursery plants that are grown. Before we will send you a plant or tree, it will have been inspected a minimum of seven times. For you to realize the maximum pleasure and production from your plants, care must be given in their planting. Below, we give some general tips on planting. Won't you write us for answers to questions you do not find answered here?

## FOR ROSES

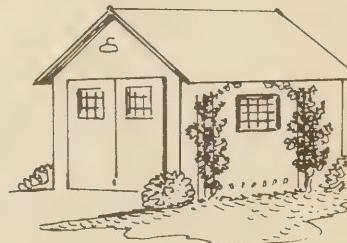

All Roses flourish best when planted in good, rich, well-drained soil in an open sunny location. They should be in beds or borders by themselves where roots of neighboring trees or shrubs will not penetrate or rob the soil. Make the hole deep (10 to 12 inches) and be sure that the plant is set low enough so that the bud union (graft) is about 1 inch below the surface of the ground. As you take each plant from the packing, soak the roots in water; then plant as above recommended, 18 inches apart. Roots should be spread out naturally, the soil pressed very firmly around them, then watered thoroughly. Prune back tops to within 4 to 6 inches of the ground when planting. Good cultivation and thorough watering during dry periods are essential to success. In early summer before the weather becomes hot, it is well to cover the bed with two inches of Natural Peat.

Climbers  
add height  
and distinction

## FOR FLOWERING SHRUBS

Any good growing soil is excellent. Spade deeply and work down well, as you would for a garden crop. Keep shrubs 20 to 25 inches away from the foundation. Set deeply and firmly, the larger growing types 24 to 36 inches apart, with dwarf varieties 12 to 18 inches apart. Trim back the tops to insure quicker, better growth, then keep them cultivated the first year or two, watering them in the evening during dry spells. After the first year, they will require little care other than any annual pruning you may wish to give them. Each year's growth will add to the charm of your planting, and to the size and quantity of the blooms.

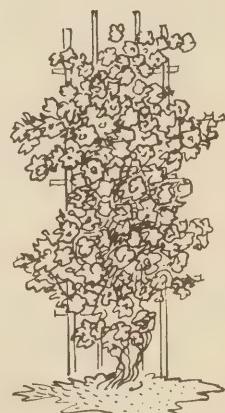

## FOR PERENNIALS

Plant in good, rich, well-drained ground that has been prepared the same as you would for any garden crop. No. 1, such as the Iris, should be planted with the main root just below the surface of the ground. No. 2, such as the Peonies, should be planted with the eyes or buds not more than 2 inches below the surface. No. 3, the fibrous-rooted type, should be planted with the crown just even with the ground level, not below. No. 4, such as the Hollyhock, Lupine, and Hibiscus, should be planted with the bud just below the surface, and the root tuber extended straight down. Set the low and medium growing perennials 8 to 12 inches apart, the taller ones 18 to 24 inches apart. The more shallow cultivation you give them with the hoe, the better they will be and the more attractive your garden. During dry periods they should be given plenty of moisture, especially until well established. A light covering of straw, leaves, or other coarse litter placed over the bed in late fall when the ground is frozen 2 inches down, will insure safety, and do not uncover too early in the spring.

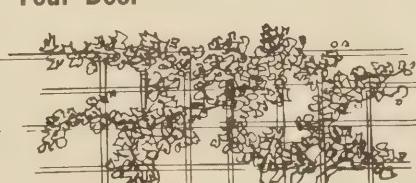

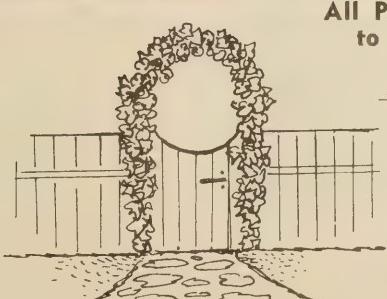

## FOR STRAWBERRIES

Plant Strawberries in good rich, well-drained soil; the crown of the plant when set should be at the surface of the ground (too deep planting will smother). Tamp the earth firmly around the roots, leaving a thin layer of loose soil at the top of the ground to prevent baking. Remove all young leaves. It will pay to water each plant thoroughly after planting. It will take about 8,000 spring bearing plants to the acre, or 10,000 everbearing plants. Keep ground clean and well cultivated. It is best to keep blossoms and runners on the everbearing varieties pinched off until the middle of July. In late fall, cover with clean straw, leaves or shredded cornstalks, and do not uncover too early in the spring.

## FOR GRAPES

Plant grapes deeply and firmly in good, rich soil about 6 to 8 ft. apart. Annual and careful pruning is essential to the production of good grapes, this pruning to be done between November and March while the vines are entirely dormant. In training to wires, the first wire should be about 3 ft. from the ground, the second 5 ft. from the ground, with two branches growing out from the central stock on both wires, one in each direction.

**BAKER'S EVERGREEN**

**THE MOST POPULAR AND DEPENDABLE OF ALL  
ARBORVITAEs**

A beautifully colored, deep green, globe-like plant, especially suited for foundation or hedge planting. This evergreen is lovely and compact when sheared. Its year-round greenery means year-round color for you and your family to enjoy. Order today for beauty in evergreens in your yard.

PRICE: 1 to 2 ft. size, 95¢ each

**BAKER'S EVERGREEN HEDGE SPECIAL**

Our Baker's Evergreen makes such a gorgeous hedge that this offer is made. Ten selected one-year plants at a big, big saving.

**ONLY \$7.95**

*Euonymous Patens*

**A NEW HARDY BROAD LEAF EVERGREEN**

One of the most attractive and versatile of all shrubs. Lustrous, glossy green leaves stay on all winter, creating interest all year round. Makes a shapely bush 4 to 5 feet tall, bright red berries appearing in the fall, hang on into winter. Fine for foundation planting, as specimens, and a perfect background behind low shrubs, roses and perennials. Makes a wonderful hedge with its green foliage all through the winter. As a hedge plant 18 to 24 inches apart and shear to any desired height. Thrives in sun or part shade, even on the north side of house. Look over your yard and you will find spots where this shrub will help make your home more attractive.

PRICE: 1 to 2 ft. size, \$1.00 each

*Order Early*

Send us your order as soon as you have made your selections. Do not delay mailing it to us. Much preliminary work must be done before the actual shipping of plants is possible. Naturally, early orders get our first consideration and you receive valuable Bonus Plants (see Page 5) when you help us by ordering early.

# Gardenias

LOVELY, FRAGRANT  
QUEEN OF ALL EVERGREENS

**GARDENIA** This hardy, sweet-scented Evergreen needs no description. As shown at right, this is a heavy-blooming variety that will bloom the first year if planted early. Like every item in our catalog, Gardenia Fortunei has proved worthy of a place in your planting. Shade or sun. Cover if temperature drops below zero.

PRICE: Heavy, well rooted specimens,  
1 to 2 ft., \$1.25 each — root wrapped

**PFITZER JUNIPER** Most handsome and useful Evergreen for the landscape. This popular spreading Juniper has beautiful silver-green, weeping branches and works in nicely with Italian Cypress, Bonita, or as a fill for borders and walk planting. Reaches a spread of 4 to 6 feet and can be pruned to desired shape.

PRICE: 9 to 12 in. plants, \$1.10 each

**BERKMANN GOLDEN** This contrast Evergreen is ideal for foundation planting. Its tips are a rich gold against an inside background of deep green. Adapted to all sections and recommended by gardeners.

PRICE:  
1 to 2 ft. size, \$1.25 each

All Plants Prepaid  
to Your Door

## GARDENIA

**NANDINA** The unusual Evergreen that changes color with the season. Bright green in the summer, turning to vivid shades of fire-red in the winter. Covered with clusters of scarlet-red berries all winter. Grows 3 to 5 feet tall. Can be pruned to desired height. Use under windows and mix with other greens for year-round beauty.

PRICE: 1 to 2 ft. size, 95¢ each

PFITZER JUNIPER

NANDINA

61

BERKMAN GOLDEN

**PHOTINIA****PHOTINIA**

A large handsome Evergreen with slightly curled, indented leaves. The new foliage in the spring is a contrast of bright colors and in the fall, they produce an abundance of scarlet red seed pods that look like a mass of red berries. Thrifty grower that can be used many places in the landscape. Will grow from 5 to 7 feet tall but can be pruned low.

PRICE: 1 to 2 ft., Root Wrapped, 95¢ each

**ITALIAN CYPRESS**

# EVERG

**ITALIAN CYPRESS**

A tall, graceful, slender Evergreen with dark green foliage. Need not be sheared—grows 20 feet tall, but can be kept to desired height by pruning top. Use with Pfitzer Junipers to build up tall lines on the corners of your home.

PRICE: 1 to 2 ft. size, 95¢ each

**WAXLEAF LIGUSTRUM**

One of the finest broad-leaf Evergreens grown in the South. This aristocrat of the Evergreen family has showy, thick, waxy leaves that are dark green on top and light green on the under side. Can be pruned to any shape, for specimen plants, or beautiful informal hedge.

PRICE: 1 to 2 ft. size, \$1.10 each

**YELLOW JASMINE**

We have selected this variety out of several Jasmines. Its long, slender branches arch and hang to the ground. The foliage is a bright, tender green that is covered with gorgeous little yellow flowers all summer.

PRICE: 1 to 2 ft., 95¢ each – Root Wrapped

**WAXLEAF LIGUSTRUM**

*All Plants Prepaid to Your Door*

**YELLOW JASMINE**

Only seven colors are used to label all our stock—RED, WHITE, BLUE, GREEN, YELLOW, PINK, AND ORANGE. Notice:—We have first letter of color labels after the name listed on this simplified order sheet.

For example: Holland Apple—OR—the OR means that Holland is labeled ORANGE over RED. Frank Peach—W—Frank is labeled with one WHITE stripe.

This original order sheet will be returned in a waterproof envelope attached to the bundle of nursery stock. Use it or the catalog to identify each variety.

**NOTICE: — DO NOT DESTROY THIS ORDER SHEET!** This copy of your order will be returned with your shipment. Inspect your plants carefully upon arrival. If errors are found, please return this order sheet within 10 days for correction, as this is the only copy.

THANK YOU!

**ABELIA**

One of the rare evergreen family that blooms from May until frost with a mass of fragrant, white flowers that have a very light touch of pink. Each flower is cradled in a bell-shaped cup with six petals of dark purplish red. This array of exquisite blooms has for a background a willowy, dense, glossy green foliage that changes here with the season. Grows 3 or 4 feet high.

**PRICE:** 1 to 2 ft. size, \$1.25 each —  
Root Wrapped

# GREENS

**EUONYMUS JAPONICA**

A waxy, glossy-leaved specimen of the *Broad-leaf* evergreen family. An all-purpose plant that may be pruned to any shape, or that will cling close to the wall. Ideal for planting behind flowering shrubs and will make a lovely hedge.

**PRICE:**  
1 to 2 ft. size, \$1.15 each — Root Wrapped

EUONYMUS  
JAPONICA

**BONITA**

Bonita is a dwarf medium Evergreen that grows round as a ball. No trimming necessary. Grows 3 to 4 feet tall and just as broad.

**PRICE:** 12 to 15 in. size, \$1.00 each

**ENGLISH IVY**

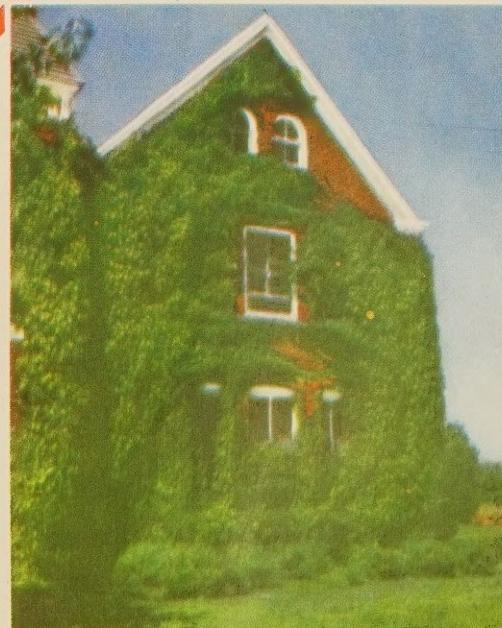

Ugly bareness becomes a spot of beauty when buildings of stone, concrete or stucco, and "hard-to-cover" slopes and banks are covered with the dense, rich, glossy evergreen foliage of English Ivy. Famous for long life. Mass effect can be created by planting 2 to 3 feet apart.

**PRICE:** 2 Yr. Plants — \$1.00

## CLIMBING *Etoile de Hollande*

### OUR GORGEOUS EVERBLOOMING CLIMBING RED ROSES

This brilliant scarlet red everblooming climber is our most wonderful new catalog addition. So many, many customers have asked for a beautiful red rose *that would bloom all summer*. Climbing Etoile de Hollande is that rose. Its blooms are large and fragrant, beautifully shaped on long spur branches. Its petals are many and it *does not fade*. Its abundant foliage is a deep rich green and it is very hardy. Wolfe Nursery's magnificent Etoile de Hollande means loveliness for your garden such as you've never seen before.

#### PRICES:

No. 1 Jumbo Bushes - \$1.75

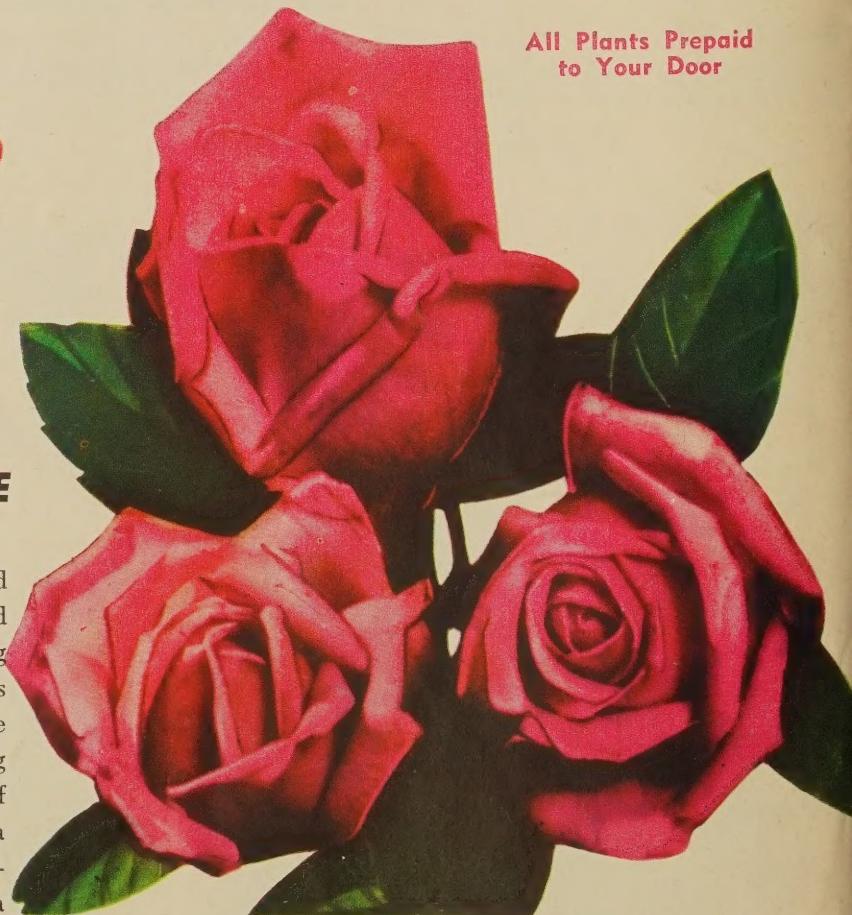

No. 1 Large Bushes - \$1.25

## CLIMBING PINK RADIANCE

### *Lovely Everblooming Pink*

The new everblooming Hardy Climber and Pillar Rose. This variety fills a long-felt need for a real pink, full-petaled, hardy climbing Rose. Another most appealing quality is its pleasant spicy and penetrating fragrance. The blooms last for days after cutting. Climbing Pink Radiance produces successive crops of flowers throughout the summer, ending with a gorgeous display in late fall. It has a neat, compact habit which allows for easy training on a 6 to 8 foot trellis or arbor; also does well when trained as a "pillar" Rose.

#### PRICES:

No. 1 Jumbo Bushes - \$1.75

No. 1 Large Bushes - \$1.25
